

THE LINCOLN LEAGUE WINS IN SACRAMENTO

White Defeats Mayor Beard For Re-election and Rest of the Ticket Is Divided. the "Recall" Is Lost.

Reform Forces Triumphant Over Graft Apologists In San Francisco Political Contest. Ryan Makes a Very Poor Third

SAN FRANCISCO, Nov. 6.—At 1 o'clock this morning, a totaling of the partial returns indicates the election of most of the entire Good Government city and county ticket including Mayor, District Attorney, Board of Supervisors, Treasurer, Assessor, Tax Collector, Recorder, City Attorney, Public Administrator, Sheriff, Coroner and two police judges. The Union Labor party may have saved its incumbents in the offices of auditor and county clerk.

On a basis of 10 per cent count of the votes in 249 of the 273 precincts—with the Mission district largely to be heard from—Mayor Taylor's plurality over the Union Labor candidate, P. H. McCarthy, should approximate 9000; District Attorney Langdon's plurality over McGowan, the Union Labor nominee, 18,000, with Ryan (Republican) running a poor third in the Mayoralty race. It is not likely that the full count of all the precincts, which may not be completed before a late hour today, will materially change the apparent results, though the complete returns from the Mission district may cut down Taylor's and Langdon's pluralities.

The count as far as it was completed at 1 a. m. gave Taylor, 3,347; McCarthy, 2,709, and Ryan, 1,105; Langdon, 4,140, and McGowan, 2,273. If indications are borne out by the further count today, McCarthy has carried only two assembly districts, the Twenty-eighth and Twenty-ninth, and was defeated in his own precinct, the Twenty-third of the Thirty-fourth district. In the two districts named, he apparently combined in number of votes the strength of the Taylor and Ryan forces, and carried with him his running mate, McGowan.

To the failure of the territory south of Market street to support the labor ticket, and the refusal of the Mission to rally in a mass to the McCarthy-McGowan standard, union leaders tonight ascribed their candidate's defeat. Before midnight Dan Ryan gracefully conceded the election to Taylor and went home. McCarthy, however, would neither accept nor dispute the situation. He disappeared from his headquarters about midnight and his lieutenants had nothing to say for him.

The election commissioners and the registrar of voters agreed in a final estimate shortly after 1 o'clock that the indicated total vote cast would amount to between 55,000 and 57,000. The total registration was 77,000.

Despite the intense interest taken in the civic questions involved in the issue—the carrying forward of the bribery-graft prosecutions under the direction of Francis J. Heney, and the confirmation of the so-called era of good government, following the breaking up of the Ruef-Schnitz boodle ring—San Francisco seldom passed through a quieter election day. • Though thousands of challenges were interposed on account of faulty residence, there was very little disorder in even the rougher districts, and no attempt whatever to commit the wholesale frauds against whose possible perpetration sheaves of "John Doe warrants" had been sworn out and for whose prompt suppression the grand jury was in special session. Very few arrests were made anywhere in the city; quiet and order prevailed as a rule at the 273 polling places.

(By Associated Press.)

CALL AND CHRONICLE ESTIMATES. SAN FRANCISCO, Nov. 6.—The Call will announce the election of Taylor by a plurality of 25,000 votes, and the Chronicle by 20,000. Taylor and Ryan were completely dwarfed in the matter of signs. The most that Ruef ever spent to elect Schmitz was \$45,000, which in the past has been regarded as an astronomical figure.

approximately 12,000 and the election of Langdon by 1,000. The success of the other candidates on the Good Government League ticket will be announced in about the same ratio, with the exception of a contest for the clerkship. The Union Labor candidates may go in by a small margin.

The returns received by the Call indicate a total of 59,000. Owing to the blanket ballots used, the multiplicity of candidates and the extreme caution observed by the election officers, and the close scrutiny exercised by the election commissioners, the count has been exceptionally slow, so that the

Not McCarthy's Personal Barrel.
It has been frequently asserted during the campaign that McCarthy has amassed a fortune of \$150,000 during the years that he has led the union struggle.

The Chronicle will announce a total vote of approximately 59,000. The estimate of Taylor's vote is 28,000; McCarthy 18,000, Ryan 10,000, and 3,000. The Chronicle's estimate of Langdon's vote will be about the same as that of the Call.

PERRIN FOR McGOWAN ONLY.

SAN FRANCISCO, Nov. 5.—William F. Herrin led a dark and devious part in the mayoralty test, although he came boldly into the open on

district attorneyship. He gave out instructions several days before election day for his push to get McClellan, but as to the chief magistracy was peculiarly mysterious. Some time previously he had given out interviews that he was for Taylor and yet on Monday, Louis Street, he had

Governor's Fight for McGowan.
Governor Gillett was forced into the unpleasant position of having to announce on the morning of the election that he was for Taylor. An evening paper had insinuated that he was not. But to the charge which

charge plainly made that the governor wanted his appointees here to vote and work for McGowan and against the graft prosecution he vouchsafed no reply. This order went out to the water front and elsewhere with an emphatic injunction, not from Gillett himself, but men high in his councils. "The

earthly. It was explained that he had wanted deep hands off the mayoralty contest but that the last moment he had decided to throw his support to the Union Labor candidate with a view to winning McGowan's support.

ing McGowan, was one of those pieces of jockeying at election time for which Herrin is noted. The explanation of his course of uncertainty and straddling at he wanted McGowan elected above all else—that he twisted and turned on the mayoralty

A Stormy Campaign.
The oldest inhabitant bears testimony that the city never before has seen so stormy a conclusion of a campaign and despite his years he remained in the city.

...ures during the campaign at \$100,000, which
outstrips past records. The cost of the great
that he put up everywhere was enormous.

Beard	3019

Aside from the head of the ticket, the Republicans elect a city auditor and assessor, treasurer and city attorney, and the Democratic elect a city auditor and two members of the city board of education. The Republicans elect two members of the city

ordinance was defeated, 3008 to 1525. It is probable that the "recall" has been defeated. With one precinct that voted strongly against the measure, and with the 20th precinct (Ninth Ward) voting no vote—the machine failing to resist the recall—for and against the recall—the probabilities are that it is beaten, inasmuch as the vote counted indicates only a majority of 94 votes.

AMERICA SECOND STEEL MEN MAY
AS NAVAL POWER POOL PRODUCTION

Relative Tonnage of Great Nations Is Shown in New Compilation of the Government.

WASHINGTON, Nov. 5.—An interesting statement showing the relative order of warship tonnage of the principal powers has been compiled at the office of naval intelligence, which is founded on an estimate

The old-bill, paid for and the meeting will be held either in New York or Chicago. The conference will not be held in Pittsburgh, owing, it is said, to the publicity given the former meeting.

The composition of the bill makers is said to be the usual one of saving the trade prices are low and the situation bad. It was in, circumstan-

and a tonnage of 1,557,116, the United States following with a tonnage of 611,815, France third with a tonnage of 608,679, Germany fourth with a tonnage of 329,032, Japan next with a tonnage of 314,701 and Russia, Italy and Austria following in the order named.

However, were the war vessels
by the various nations now
completed, the United States would be
third in the list with a tonnage of
11,768, following closely France,
which would be second, with a tonnage
of 846,112, and Great Britain, the
leader.

under, with a tonnage of 1,321,810. No other naval power would stand the same relative position as they do with their tonnage of today, although each would show a very substantial increase.

TAYLOR-LANGDON TICKET WINS

(Continued From Page One.)

ing the last few hours preceding the opening of the polls. Election day was much more of a holiday than usual, not only the banks but many business operations being shut down, and when the crowd shouted to Henry Monday night to go on despite the lateness of the hour with speech, because "we've got all night," the mood of the city to go upon a political revel for twenty-four hours was expressed.

Colonel T. V. Eddy, who, with Major C. W. Kyle, holds the record for failures to land political jobs that he has pursued, had an unpleasant experience while addressing an overflow McCarthy meeting on the last night of the campaign. He said many things that were offensive to the Taylor men in his audience, and they were finally moved to start a rough house in which the transitory "reformers" got the worst of it. There were many cruel things said and done in those last hours of the great contest, but only in the instance of the commandment colonel was there any violent outbreak.

A Vicious Caricature. The money of the bonding corporations had kept sign painters exceedingly busy and in the McCarthy parade several vicious bore huge pictures of a graphophone labeled, "Spreck" with a mangy dog at the end of the horn described as Langdon. Above the concept was the legend, "His master's voice." The canine was portrayed in most wretched fashion, with attempts at caricaturing of the district attorney, and was a vicious piece of campaign heartlessness as is ever seen.

But so good did this creation appear to Colburn's men that they had a replica made for the printer and thousands of circulars bearing the picture were scattered about the city. Some boys were even sent into the Langdon meeting to distribute them while Henry was speaking.

Labor Union Parade. The parade of the union labor forces was much of a success, thousands of men marching in line. McCarthy came riding in great state behind four sable steeds. Fillmore street was a bedlam as the throng traversed it. It was a rally calculated to stampede the hosts to the ticket and in numbers and noise the standard bearer could not have been disappointed.

The stationary engineers had a donkey boiler mounted on a dmy and its whistle contributed a large part to the din of the procession. Arrived at Dreamland rink, the engineers drove around to the pavilion rink, where Henry and Langdon were holding forth and set the whistle going against Henry's voice. The prosecutor remarked that it sounded like a Heroin whistle, and after waiting some time began to talk against it, as there was indication that it would subside.

Then the audience came to the rescue. It began to cheer to drown out the whistle. The struggle of the voices against steam continued for several minutes, the vast audience hugely enjoying the diversion, and finally the boiler was vanquished.

It is a question if the tribulant followers of McCarthy did not injure their cause more than help it by their efforts to annoy and libel their opponents. Much resentment was aroused.

A Great Langdon Meeting. The audience that attended the final Langdon meeting was one of the largest political gatherings ever assembled in San Francisco. It was with difficulty that the graft prosecutors could make themselves heard in all parts of the great hall. Henry was given a tremendous reception, but his speech was not nearly so entertaining as those he had delivered south of Market street. There he turned himself loose, unsparing in his denunciations and using picturesque phrases that set the crowd whooping. At the pavilion he held a new dignity. Furthermore, it was very evident that the campaigning of the last week had told on his energies.

McCarthy made a red-hot speech to a black crowd in Dreamland. His final appeal for votes rang with bitter sayings about the millionaires and pleas for union men to stand against the common foe. Poor Spreckels! The "are" fight in Fillmore street went out during the progress of the parade and he was blamed for turning them off.

Ryan's Last Gasp. After all the candidates had finally reached the struggle Dan Ryan, ac-

companied by a number of automobile parties, made a street corner speech-making tour up Fillmore late Monday night. Circulars were thrown out calling on the voters for an eleventh hour ally to his candidacy. Crowds of McCarthy men soon collected and the progress of the Republican standard bearer developed into a continuous shouting contest the one side for the union labor leader and the other for Ryan. Before the night was over it was nothing but a revel and many voters went in the polls in the morning after a sleepless night. At 1 o'clock p. m. approximately 37,000 votes had been polled and voting continued heavy in all the eight assembly districts, the residence sections north of Market street making an especially strong showing. The opposing claims of a Taylor and a McCarthy victory were handed back and forth by their respective supporters and the friends of Dan Ryan debated nothing of their positiveness that he stood a fair show of leading his rivals. Claims of extravagant majorities, however, were recorded from as the day advanced. Those who had kept their fingers on the political pulse contented themselves with estimating probable pluralities. The statement this morning by former Mayor Schmitz, who despite behind prison bars controlled and manipulated the Union Labor convention and permitted the nomination of McCarthy for mayor—that according to his view the latter would be elected by a plurality of not more than 3000 to 5000, had a cooling effect on the ardor of some of McCarthy's lieutenants. They confessed confidentially that no one had a closer estimate on the regular union labor vote than Schmitz and they were somewhat taken aback by his conservative estimate.

The Betting. Betting on Taylor, which yesterday called for odds of 2 to 1, continued today, but on a basis less favorable to takers. Some McCarthy money was being wagered at even and 10 to 8. Practically no Ryan money was in sight. Langdon, for district attorney, ruled a favorite with part of the betting public at 2 to 1, though it became more apparent as the day progressed that McGowan was putting up a stiff fight.

Several reports of attempted illegal voting reached Langdon headquarters, but no arrests were made. Good government league inspectors were armed with John Doe warrants in preparation for emergency arrests and the grand jury was in session ready to vote indictments if evidence of election frauds was laid before them. Mayor Taylor cast his vote at 9:35 o'clock this morning at the polling place of the eleventh precinct of the fourth assembly district on Sacramento street near Fillmore. When he emerged from the curtained booth it was seen that his ticket was improperly folded. This error was corrected and as the mayor deposited the ballot in the box, a flash light photograph was taken of the scene.

Ideal Election Weather. SAN FRANCISCO, Nov. 5.—San Francisco has had ideal election day weather, cool and partly cloudy. Reports from the polling places point to an unusually heavy vote both north and south of Market street. In the thirty-seventh assembly district, the largest in the city, confining seven per cent of the total registration, 100 odd ballots were cast before 7 o'clock.

Jury Gets to Vote. An incident in the voting of the T. V. Ford jury, whose hearing of the bribery case against the general counsel of the United Railroads was interrupted and suspended by the public holidays instituted by Gov. Gillett. The trial twelve are voting in eight assembly districts and seven precincts at 8 o'clock.

Jury was taken in a hack from their quarters at the Fairmont hotel, and trailed closely by two deputy sheriffs in a buggy. Each in turn was accompanied from the closed carriage to the booth by a deputy, while the other officer remained outside to guard the waiting three. Two hours were consumed in polling each of the squads of four about the city. A third deputy sheriff stood guard over the eight at the Fairmont while their fellows were abroad. This is the first time the jury has been separated since it was sworn to try the case.

The Charter Amendments. Twenty-one charter amendments are being voted upon today, but the account of the intense interest felt in the candidates of the five nominees for mayor and district attorney have been little discussed. The more important of the proposed amendments, from a popular view point, provide as follows: Raising the interest limit on municipal bonds from four to five per cent and enabling 75-year issues; empowering the recall and removal of delinquent public officials; an amendment adopted a few years ago by Los Angeles authorizing the city treasurer to deposit public funds in banks; increasing the salaries of the members of the fire department; likewise the police department, enabling the city to purchase public utilities, empowering the board of supervisors to fix and regulate the rates for telephone service.

Schmitz Vows Conservative. Former Mayor Eugene E. Schmitz, under sentence on conviction of extortion when queried at the county jail this morning gave these as his election pledges:

"I believe that McCarthy will be elected by a majority of 5000 to 10,000. (McCarthy, himself is proclaiming victory by a majority of from 13,000 to 15,000.)

"No, I cannot say that I expect the entire union labor ticket to win," continued the deposed mayor. "As between McGowan and Langdon, it looks to me to be an even break. The bitterest fight is on the district attorney-ship and I would not wager any money on the outcome of that issue. But as I believe McCarthy will be elected, this is the most difficult election to prognosticate that San Francisco has ever held."

CHICAGO TELEGRAPHERS VOTE TO RECOMMEND SUSPENSION OF STRIKE

CHICAGO, Nov. 5.—A secret vote of striking telegraphers tonight resulted in a decision to recommend to the national executive board that the strike be "suspended." The executive committee will hold a meeting tomorrow morning, and after listening to a report from the committee which has been seeking to make terms with the telegraph companies in New York, will act upon the recommendation. The vote stood 217 for adoption of the resolution and 109 against.

GENERAL RESULTS OF EASTERN FIGHTS

(Continued From Page 1.)

The Dempsey administration had been a failure.

Governor Guild Is Re-elected

BOSTON, Nov. 5.—Governor Curtis Guild of Boston, Republican, was re-elected for a third term today by a plurality estimated at a late hour tonight at 109,000, the largest given a gubernatorial candidate in Massachusetts since the free silver movement. The rest of the Republican state ticket was also successful and the party will again control both houses of the legislature by a proportion of about 3 to 1.

General Charles W. Bartlett, the anti-merger candidate, polled about 33,000 votes, compared with about 53,000 for Whitney and 73,000 for Moran. The state officers elected were: Governor—Curtis Guild, Jr., of Boston.

Lieutenant Governor—Eden S. Draper of Hopedale.

Secretary of State—William H. Olin of Boston.

Treasurer—Arthur D. Chapin, of Holyoke.

Auditor—Henry E. Turner of Malden.

Attorney General—Dana A. Malone of Greenfield.

Returns up to 3:30 o'clock tonight indicated Governor Guild's plurality at 75,000 or more.

Governor Guild was opposed for re-election by six other candidates: Henry M. Whitney of Brookline, Democrat, and also running on two sets of nomination papers; Thomas L. Higgins of West Springfield, Independence league; General Charles W. Bartlett of Newton, anti-merger; Herve S. Cowell of Ashburnham, Prohibition; John Brown of Worcester, Socialist, and Thomas F. Brennan of Salem, Socialist-Labor.

The total vote of Boston for governor was:

Bartlett	3,446
Guild	3,442
Higgin	2,033
Whitney	2,551

Last year's vote was:

Guild	133,810
Moran	6,771

In Boston the features of the election were the contests for district attorney, in which Joseph A. Dennis, Democrat, and Walter L. Webster, Republican, opposed the re-election of John B. Moran, the candidate of the Independence league, and also running on nomination papers. Moran was re-elected by a large plurality.

A United Party Won Pennsylvania

PHILADELPHIA, Nov. 5.—John O. Sheats of Philadelphia, Republican, was elected state treasurer over John F. Harmon of Columbia county, Democrat, at today's election in Pennsylvania, by about 75,000 plurality. This was the only state office voted for and a light vote was polled in nearly every county. The judicial contest in Luzerne, Northampton and Schuylkill counties brought out a large vote. There was little interest in the contests in other counties which elected judges.

For the first time since 1904 there was no fusion against the Republican ticket. The Independent Republican element which had voted for the Lincoln party at the last two elections voted for Sheats who has been in sympathy with this element.

Sheats has served three terms in the state House of Representatives and voted against the organization on several important measures advocated by its leaders. Sheats and Harmon served together in the legislature of 1905 and the extra session of 1906. They are friends and avoided personalities in their canvass. Harmon's most active supporter was William H. Berry, who was elected state treasurer on the fusion ticket two years ago, and who uncovered the state capital scandal, which the Democratic party made its chief issue in its last two state campaigns.

Majority Reduced In Nebraska

OMAHA, Neb., Nov. 5.—That M. B. Reese, the Republican candidate, has been elected justice of the Supreme court by a majority of 12,000 votes is the indication late tonight. There was a falling off in the total vote of two years ago, when Letton, Republican, was elected supreme judge over Hastings, fusion, by 23,218.

Big Loan Carries In Philadelphia

PHILADELPHIA, Nov. 5.—The election in Philadelphia today passed off very quietly, the Republicans electing all their candidates by the usual large majorities. There was more interest taken in the fate of the \$10,000,000 loan proposition than in the success of any candidate on the city or state ticket. The city

party, the reform organization which has fought the Republican organization for several years, went on record as against the loan and made a fight against the proposition. The returns tonight show that the loan, which had the solid backing of the Republican leaders, carried the city by a majority under that given the successful candidates. John O. Sheats, the Republican candidate for State treasurer, whose home is in this city, ran strong and his plurality will be close to 40,000 in the city.

The following are the successful local candidates, all of whom are now serving in the office to which they have again been elected:

Judges of common pleas court, P. A. Brey, John L. Kinsey, Edward W. Magill, William W. Whitcomb, William C. Ferguson, Charles V. Andrieu.

Judge of Orphan's court, Edward A. Anderson.

City Controller, John M. Walton.

Recorder of Deeds, William S. Ware.

Clerk of Quarter Sessions, Thomas W. Cunningham.

Democrat Carry Ogden.

OGDEN, Utah, Nov. 5.—Brewer, Democrat, was elected mayor by 174 majority. The Republicans carried the other city offices by majorities ranging from 125 for city attorney to 550 for recorder.

TRAVELS 225 MILES TO VOTE

President and Secretary Loeb
Go to Oyster Bay to Cast
Ballot for County Officers.

WASHINGTON, Nov. 5.—President Roosevelt cast ballot at 9:55 o'clock this morning at Oyster Bay, N. Y., thus registering his choice as to two associate justices of the Court of Appeals, a justice of the Supreme court of the state, member of the assembly, county officers and several proposed amendments to the state constitution. For the president to exercise the elective franchise necessitated 225 miles of railroad travel and four minutes in the voting booth without incident save for the cheering crowds at Jersey City and Long Island City and the welcome home of the villagers of Oyster Bay, afforded the president opportunity to confer at length with Secretary Cortelyou on the financial situation and to review the incidents of the recent Louisiana bear hunt with Dr. Alexander Lambert during the trip of the tug Lancaster from the New Jersey terminal to Long Island City.

Secretary Cortelyou was with the president from Washington to Jersey City and joined the party again from Mineola to New York, where he remained to make a brief inspection of financial affairs there.

The president smilingly acknowledged the cheers of the crowds at Jersey City and Long Island City and was most cordial in his personal greetings to his Oyster Bay neighbors who met him at the station. While the hand-shaking was in progress a salute of twenty-one guns was being fired from a miniature cannon from the center of the baseball field.

After casting his vote one of the bystanders asked him if he had not voted for a Democrat, "Willard Bartlett," who was nominated by both parties for the Court of Appeals. The president responded with a laugh, saying: "It is a vile aspersion."

MINERS' LEADER SHOT IN QUARREL

Man Indicted for Murder Is
Wounded by Another Miner
and Bystander Also Injured.

GOLDFIELD, Nov. 5.—Vincent St. John, a prominent labor leader, and a member of the Western Federation of Miners, was shot in the arm and painfully but not seriously wounded by Earl Mulaney, also a member of the miners' union, shortly before 6 o'clock tonight. John Tennant, a mining man and former partner of Governor Sparks, was struck in the leg by a stray bullet. The shooting occurred on Main street in the presence of hundreds of pedestrians and was the climax of a heated argument over labor matters. Mulaney belongs to the conservative element among the miners and has been violently opposed to the methods of St. John. St. John was armed but made no attempt to use his revolver. After the shooting Mulaney put his gun in his pocket and calmly walked up the street.

He was arrested before he had gone a block and lodged in jail. The wounded man was removed to the miners' union hospital. St. John is under indictment for conspiracy to murder in connection with the killing of a restaurant proprietor here last spring, for which crime the two men directly implicated are now serving long terms in the penitentiary at Carson.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend gently prepare the system for the coming event, prevents "morning sickness," and other discomforts of this period.

Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

NEW CANDIDATES DAILY STIMULATE BIG CONTEST

Miss Fisher of Hanford Makes Record For Day's Count—Other Big Gains

Another day has gone by in the Republican's grand voting contest and from sun to sun there have been some great changes. It is this infinite variety that gives the contest its zest and enthusiasm. No two days are alike because the candidates are constantly going up and perhaps approaching on another's pre-empted territory. This makes the candidates at the top get out and hustle to keep their places. It is a fine thing to see new candidates entering the field daily. It is this new life which they infuse that keeps up the interest in piling up votes aside from the thought of the goal to be reached and the splendid prizes awaiting the winners.

The encouragement which the new candidates give to the others in the contest inspires the older contestants to renewed efforts. The new candidates come in and sweep everything before them. This makes the laggard feel ashamed of hanging back and he finds what an inspiration it is to see new ones passing him in the race. Not to be outdone in vote-getting he begins with renewed energies and hustles votes with a good will.

Three new names appear today which add fresh zeal to the race. Mrs. Susan Hurd of Modesto, who enters today, is a native of Maine, but has lived practically all of her life in Modesto, where she is justly esteemed. She has energy and lots of friends and if she is not a top tier in a very short time it will not be the fault of her good work nor that of her friends.

Miss Kate O'Leary, another popular Modesto candidate, enters today. She is bookkeeper in the Modesto telephone office, where her courteous and pleasant manners have made her a valued employee. Socially she is exceedingly popular and her friends all stand ready to support her in an unsurpassed candidacy for unsurpassed prizes.

Miss Francis Atkinson, who is also in the Modesto telephone office, entered the contest yesterday fully equipped to win one of the most desirable prizes in this big contest. Modesto has some five candidates, but none more popular than the three who put their names in yesterday.

The interest in this competition spreads like wildfire. Outside of those immediately concerned in the outcome of this fight, there is the greatest interest shown. Everyone is asking questions about the prizes, how they are obtained and a hundred other questions that show the widespread interest in the race. It is one contest in a thousand. That's why so many people are interested in it. Such prizes as the Republican offers are not offered by every paper every year. This is what makes the contest one of peculiar concern to the public in general. If one is not a candidate aspiring for honors he is indirectly interested because no doubt some friend has asked for his support. In this way an endless chain of interest is established which is destined to surround the lucky contestants and bring them in to rare good fortune.

Miss Mary Fisher of Hanford made the big gain of the day yesterday, advancing 13,000 votes, bringing her count nearly up to the 100,000 mark. Next in line of gain was Miss Della Peden, the popular Lindsay candidate, who is forging ahead well on the way towards the 100,000 mark. Miss Peden has some staunch supporters who hope to see her carry off one of the best prizes, though they all have so much merit that a choice is difficult.

It is wonderful the favor that the Hawaiian trips are finding. The contestants are realizing that these six trips, one for each district, have a distinct educational value and money cannot buy. Of course the ranch lands first place in the hearts of all the contestants and next come the two automobiles.

Just let your votes pile up as fast as they will and on November 21st you will be the grand possessor of a prize worth anyone's effort to win.

The Complete Vote.
The complete list of votes up to 5 o'clock yesterday afternoon is as follows:

District No. 1 (Fresno Inside City)

Mrs. George Cobb 285,312

Mrs. Max Hoen 238,535

St. George 194,433

Ida V. McDonald 191,272

Fuller Collins 18,277

Shurt Evans 65,797

Mrs. Curtis Neal 31,135

Minnie Elsie 30,015

WIFE'S PLEA MOVES HIM

Deserted Husband Tries to Withdraw Bigamy Charges

Eloping Couple Claims Marriage With Otterbeck Was Not Legal Union.

The pleading of the wife who deserted him and their 10-month-old baby and the tears and supplications of the mother of the man with whom she eloped overcame the desire for revenge of Pathner Otterbeck, the injured husband in the case, yesterday, and he spent the entire afternoon in an attempt to withdraw the complaints charging Evelyn May Otterbeck and Ernest Cheeseman with bigamy, which he swore to before Judge Briggs yesterday morning.

Unwilling to Prosecute.
"I have had a talk with my wife and with Cheeseman," said Otterbeck, "and I have decided that there is nothing to be gained by holding to send them to the penitentiary. My wife has promised to have nothing further to do with Cheeseman and to be a good mother to our child. I am willing to provide for their support, but shall never live with her again. I have seen Judge Briggs and tried to withdraw my complaints, but the warrants had already been issued and the matter is now in the hands of the district attorney."

"I do not want to push the matter," said Otterbeck, "on account of Cheeseman's mother, who relies upon him for support, and I do not want my child to grow up without a mother's care."

Otterbeck further said that he had been married at Stockton on June 5, 1906, his wife having secured a divorce from her former husband just one year previous to that date. The former husband was E. Southern, a carpenter living in San Francisco, and the divorce decree was interlocutory, but as a year had elapsed after it had been granted, the divorce was considered by his attorneys as final, under the law as it stood then. They had lived happily, he said, and lately he had gone to Pleasanton to work, leaving his wife and child in rooms in San Francisco. While he was away his wife renewed an old acquaintance with Cheeseman and when he returned to the city she had fled with him, leaving a letter saying that she had gone to her brother in Danville, Ill., her former home. Otterbeck says that his wife confessed that she had written this letter some months ago and had simply changed the date on it.

Did it on Impulse.
In her cell at the county jail yesterday Mrs. Otterbeck said: "I did not think that I was doing anything wrong in marrying Cheeseman because I had been told by an attorney in San Francisco that my marriage with Otterbeck was illegal and I considered myself a free woman. I married Otterbeck in Stockton one year after I had been divorced from Southern and my lawyers told me at the time that the divorce was good. When I was told that it was not I thought that I had a right to marry Cheeseman."

When asked if she did not know that if she was not Otterbeck's wife she must have been Southern's, she said: "I never thought of that. I just thought that I was free. I don't really know why I came away with Cheeseman—just did it on impulse. I have known him a long time, about six years. I don't want anything more to do with him and am perfectly willing to go back to my husband if he will have me."

Thinks of Self Only.
Cheeseman, the gay Lothario in the case, smirked behind the bars of his cell all day and expressed no solicitude as to what became of the woman who gave up her hand for him. He insists that he can not be held for bigamy because the marriage with Otterbeck was not legal, and when it was pointed out to him that this would not absolve Mrs. Otterbeck, he said: "Of course it don't, but it lets me out."

The matter will be threshed out in the district attorney's office this morning.

COURT HOUSE WALKS NOT ON THE SQUARE

Deputy County Surveyor Herrold and Linman Chasby surveyed yesterday the lines for the concrete pavement that will cover the walk approaches to the steps of the court house from the K-street entrance at the fountain. A discovery was made that the grass plots were not laid out at square angles with the building, or that the edifice is not square with the compass. Herrold who is always fond of his little joke, pondered whether to move the court house building around to square it with the walks, or whether to shift the lines of the walks to square with the building. The Worswick Street paving company, which has the contract to lay the concrete pavement, is ready to begin work, and have the cement down before the rain set in. The very idea of concreting the walks was to have dry approaches to the court house this winter.

P. D. Sutherland of Los Angeles wishes to inform the public that he has opened a photograph gallery in the Fiske building, Cor. Mariposa and J Sts., and invites the public to call at the studio and inspect his fine specimen photos in platinum. Exclusive styles for the holidays. Prices reasonable. Take elevator at J St. entrance to studio.

Chamberlain's Cough Remedy

During the past 35 years no remedy has proven more prompt or more effective in its cures of

Coughs, Colds and Croup than Chamberlain's Cough Remedy. In many homes it is relied upon as implicitly as the family physician. It contains no opium or other narcotic, and may be given as confidently to a baby as to an adult.

SAN FRANCISCO VINDICATED

At this writing (midnight) the returns indicate the election of Taylor, Langdon and the entire good government ticket in San Francisco. On the partial count, so far, the majorities approximate two to one. Whether the complete count, including the South of Market districts, will reduce this proportion, remains to be determined, but there seems to be little doubt that the good government candidates are elected. McCarthy, so far, is a very bad second, and Ryan a still worse third. There is, of course, no information on which to base an analysis of the detailed vote for various candidates from various districts, but of the general result there is little doubt.

This means that San Francisco has regained its self-respect, and vindicated itself, in the sight of the world. The world was doubting if San Francisco was fit for self-government, and it must be admitted there had been room for the doubt. But in that doubt of one city, there was a reserved doubt of all cities. In San Francisco, not that city alone, but free government everywhere was on trial. Never had free government faced a plainer issue with a more difficult population. If San Francisco failed, any city might fail, and all cities, some day, would fail. So, in the vindication of San Francisco, free government everywhere, and the fitness of human nature for it, were vindicated.

Really we should have had more faith. San Francisco had been tried with fire once, and stood the test. With the city a wreck, and nothing left but the character and courage of its inhabitants, San Francisco rose nobly to the emergency, only to fall ignominiously the moment the emergency was over. Now, in another emergency, it has risen again. If the people will always rise to emergencies, free government can survive some neglect at other times.

The consequences to San Francisco and the state are of course incalculable. A billion dollars would not have been an overestimate of the business loss of McCarthy's election, and nothing could have measured the moral disgrace of McGowan's election. With the election of Taylor, confidence will be at once restored, business and rehabilitation can go ahead, and the financial stability of the city is assured. With the re-election of Langdon, the graft prosecutions will continue, secure in popular approval, and the moral regeneration of the government of San Francisco will be accomplished. It is a strange anomaly of government that criminal prosecutions should stop, while the question of enforcing the law is referred to the popular vote. But it was done, and the verdict, by a large majority, is already "guilty."

The hazy of Ryan's candidacy was to have been expected, and, under the circumstances, the best thing that could have happened. Ryan had no business in the race, and it is best that he should have been no feature in it. The consequences of his personal blunder will react on himself, but they will leave no situation for others to deal with. The abject failure of Ryan is also a tribute to the negative influence of the Examiner, and to the total worthlessness of his election forecasts. Last year, when Langdon was running for governor, and had not the ghost of a chance, the Examiner insisted that he was first, and Bell not even a respectable third. Now it has been insisted that Ryan was first and Taylor a bad third. It is a game that has failed twice and will hardly be worked a third time.

GENERAL RESULTS.

Yesterday's elections, all over the country, resulted almost uniformly in the victory of the people over the machine, the corrupt politician, or the corporation despot, whichever, in any case, was the opponent. It was the victory of the general public over special interests and political intrigues.

In California, San Francisco elected the good government ticket, and Sacramento elected the Lincoln-Roosevelt League Republican ticket, both brilliant triumphs of reform in ancient seats of iniquity. In Salt Lake City, the anti-corruption candidate was elected by an unrecorded majority. In Cleveland, Mayor Tom Johnson was re-elected on a three-cent fare issue. Questions have been raised of the sincerity and wisdom of Johnson on that issue, or whose merits we know nothing, but at least what the people thought was the anti-corruption side won. In Kentucky, the Republicans won; good omen of the new era when even the South shall divide by issues and not by color. The Republican ticket in Kentucky was the reform ticket and was elected as such. In Cincinnati the reform Republican, and in Toledo the reform anti-Republican were elected. In New York, the unholy alliance between Hearst and the Republican organization was fittingly rebuked by the election of the Tammany ticket. It is rarely that one can welcome Tammany, even as the less of two evils, but this is one of those rare occasions. Parties, no more than men, can commit adultery unscathed. Hearst, by the way, was well rebuked everywhere. Everything that he supported was defeated.

ed, Massachusetts and Pennsylvania went Republican and Mississippi Democratic, as usual. New Jersey went Democratic presumably on a reform wave against the Corporation Republicans. Various cities voted on liquor ordinances with differing results. On problems of public morals, the result was uniform, but on problems of regulating private morals, each locality has its own conclusion, and there was no general wave.

In a partisan sense, the issue was nowhere Republican or Democratic. Apparently for the time being, there is no such issue. Nearly everywhere the issue was some reform against the old order, and nearly everywhere the reform won. It is an encouraging sign.

GEORGE HUDSON CHARGED WITH BEATING A WOMAN

Police Make Search of Resorts and Find Few Suspicious Characters.

George Hudson was cited by Acting Police Sergeant Machen last night to appear in the police court this morning and answer to a charge of battery sworn to by Ellen Bennett.

The woman alleges that Hudson, together with his brother, Harris Hudson, William James and others, started a fight in a gambling resort last Friday night and, when she interfered, attacked her and beat her in a brutal manner. She swore to a complaint last Saturday but Hudson left the city that morning and has been at this father's ranch near Centerville ever since.

DEMOCRATS CARRY CITY OF BALTIMORE

BALTIMORE, Nov. 5.—Shortly before 3 o'clock this morning, George F. Galtier, Republican candidate for governor, admitted the loss of the city, probably by 3500 to 300, but refused to concede defeat in the counties. Results from these, however, give nothing on which to base expectations of Republican success. Mr. Galtier points out simply the lack of returns from the counties.

WILL BRING HIGHWAYMAN BACK FROM THE NORTH

Deputy Sheriff Hiram Witting left on an early train this morning, for Seattle to bring back Charles Washburn, wanted here for robbing Thomas H. Krossler of \$150 in the alley back of police quarters last month. Washburn was arrested in Seattle last Friday.

WALL STREET COLD TO HARRIMAN SCHEME

Plan for a \$300,000,000 Holding Company for Union Pacific Not Well Received.

NEW YORK, Nov. 5.—Plans for a \$300,000,000 holding company for the Union Pacific system's stock investment in other railroad properties have not been received with any special enthusiasm in Wall Street. This may be due to the fact that the scheme to be thought out by the committee has the most in hand is still in an indefinite stage.

If the convertible bond holders and preferred bond holders will share in the proposed distribution, then the equities of the common stock holders will be by no means so large as they appear to be under the existing arrangement. Any removal of the investment stocks to a holding company will naturally reduce the 10 per cent common dividend to 6 per cent so far as earnings from operation are concerned. It has always been pointed out by the management that 4 per cent of the common dividend was income from investments.

It is expected that this reduction would be offset by the distribution proposed by the holding company. This would be in the form of cash, trust certificates or stock, paying a higher interest rate than 4 per cent. The plan generally talked about resembles in its scope James J. Hill's Great Northern dividend certificates.

Whatever the arrangement is it is understood that the holders of the \$75,000,000 common stock will have to be taken care of. They will probably be taken care of on the basis of common stock holders. So far as concerns the preferred stock holders, Harriman and his associates do not seem clear as to their rights in the distribution.

SPOKANE CALLS OFF TELEGRAPHERS' STRIKE

SPOKANE, Wash., Nov. 5.—The executive board of the local order of Commercial Telegraphers has called off the strike against the Western Union, advising the men to go back to work and end the strike. About forty men are included in the local order. The decision of the executive board was unanimous.

OFFICIALS SIMPLIFYING GENERAL LAND LAWS

WASHINGTON, Nov. 5.—The general land office is engaged upon the work of revising the forms of applications to make entry under the various public land laws and the construction into one form of application and the necessary affidavits which are required to be executed by each applicant. Under the new forms but one signature will be required in each case.

GOLD ARRIVES FROM ENGLAND

In All, \$36,600,000 in Bullion Has Arrived from Europe or Is on Way to This Country.

NEW YORK, Nov. 5.—The arrival of the first treasure ship laden for the relief of the present financial stringency was the feature of the financial situation today. The Kronprinzessin Cecilie was reported off Fire Island at 6 o'clock in the morning and soon after 10 o'clock had docked and was unloading \$7,100,000 of the yellow metal, which will go to strengthen the New York bank reserves. The new Cunard liner Lusitania will follow closely in her wake with \$10,000,000, and \$14,500,000 more will follow during the remainder of the week and early next week. The additional withdrawals from the Bank of England today for the United States and Canada brings up the total gold engagement on the present movement to about \$36,600,000.

The news that the Bank of France bought today \$3,000,000 in sterling bills on London was regarded here as an event of the first importance as indicating that French financiers were not only able but willing to help London and thus indirectly help America by relieving the strain on the Bank of England caused by the heavy demands for gold. It is hoped that the action of the Bank of France will deter the Bank of England from raising its discount rate to 7 per cent at the meeting of the directors on Thursday and the Imperial Bank of Germany from raising its rate from 5 1/2 per cent to 7 1/2 per cent. The inference is drawn that it is likely 1873 has the Bank of England rate been above 5 per cent, and only for twelve days. In each of the years 1899 and 1900, the German rate had been above 5 per cent since 1870.

The presence of Secretary Cortelyou in the city on his way to vote gave an opportunity for further conference with J. P. Morgan and other leading bankers. The secretary came over from Washington with President Roosevelt to vote and on his way back from his home at Hempstead, L. I., decided to stop off and learn of the financial situation. Besides Morgan, Secretary Cortelyou saw George W. Perkins and one or two other bankers, who acquainted him with the situation. He was told that the situation in New York was rapidly improving because of the developments in the last twenty-four hours.

Those bankers who saw Secretary Cortelyou today are convinced that there is no intention of President Roosevelt calling an extra session of congress to pass any remedial financial legislation, as it is understood the administration feels that the situation should settle down to a basis where a proper judgment can be formed on the various proposed changes in the present monetary laws. It was further understood that the administration has not yet definitely shaped the plans of financial legislation which it may desire to have considered at the coming session of congress.

Measures for strengthening out the trust companies upon which runs have been going on were under further consideration today, but this far it has been clear how sufficient assistance could be rendered by other institutions and bankers without taking over assets which they do not consider absolutely "guilt edged."

A JILTED LOVER ATTEMPTS SUICIDE

LOS ANGELES, Nov. 5.—Because his sweetheart jilted him to marry another, Herbert Welch, 28 years of age, shot himself through the chest early this morning, and tonight the surgeons of that institution report that his chances of recovery are slight.

Welch refused to make any statements about his love affairs. "She was my sweetheart and she jilted me," he said, "and now she is married to another man. I live no longer," he said. When asked who his sweetheart was, he said that he would never cause misery to her by linking her name with the shooting, but would carry it to the grave with him. The shooting occurred in the Fremont lodging house, 320 North Broadway. Welch and James La France and Robert Curry were in the room. They had been walking about the down town streets and Welch's companions were trying to cheer him up as he appeared distressed. "It's all up boys," he said, "and before my friends could interfere he drew a revolver and fired. The bullet passed through the abdominal cavity and lodged against the spine, causing paralysis of the lower part of the body. The police made a thorough investigation, but the shooting was the story of La France and Curry by Welch's own statement. Welch, whose real name is not known, appears to be a man of wealth, though he says he is a waiter. He is supposedly from Michigan.

THORNS PIERCE HEAD OF AN INDIAN CHIEF

GUTHRIE, Okla., Nov. 5.—A special to the State Capital from Okmulgee, T. T. says that Matty Tiger, chief of the Creek nation, was seriously injured while riding in the woods near his home today. His horse became frightened and broke from the trail into a dense thorn thicket, two large thorns piercing Matty Tiger's head, pressing into the left ear. Both thorns were almost five-eighths of an inch long. Surgeons have operated on Chief Matty Tiger and it is possible he may recover. Matty Tiger recently succeeded Pleasant Porter, chief of the five nations.

AMERICAN CITIZENS ARE MISTREATED

GUATEMALA CITY, Nov. 5.—Two American citizens, colored, were arrested here yesterday and it is alleged frightfully beaten by order of the military governor of the department of Zacapa. The American charge d'affaires is investigating.

BURKE COCHRAN ARRESTED AT POLLS

Policeman Found That He Had Not Been Living at Place He Was Registered From.

NEW YORK, Nov. 5.—Congressman W. Burke Cochran was arrested on a charge of illegal voting this afternoon at the polling place. The policeman who made the arrest said he could not verify the address given by Mr. Cochran at 310 East Seventeenth street, from which address Mr. Cochran had registered. The congressman was taken to the police station and then to a police court. Mr. Cochran is grand sachem of Tammany Hall.

A servant at the East Seventeenth street house had sworn that no one named Burke Cochran lived there and Magistrate Cornell issued the warrant under the impression that some one was trying to vote on the congressman's name. When Cochran was arraigned in court one of the state attorney general's assistants denounced the arrest as an outrage and Cochran was promptly discharged. Cochran said that the East Seventeenth street address was his residence before he went to Congress and had never forfeited his right to vote from that address.

"When I registered," he said, "I told the inspectors who I was and explained the entire situation. I was not challenged when I registered my vote. I fail to understand under what authority the arrest was made."

HART MCKEE DECLARES HE HAS BEEN SLANDERED

Has Brought Suit for Damages Against Wealthy Father of His Wife.

PARIS, Nov. 5.—In connection with the pending suit for divorce brought by Mrs. A. Hart McKee against her husband, A. Hart McKee, formerly of Philadelphia, counsel for McKee has brought a damage suit against Mrs. McKee and her father, Colonel Baxter, formerly of Knoxville, Tenn., because of alleged defamatory declarations made by them and published in American newspapers.

Mr. McKee charges that clippings containing the newspaper articles complained of were sent by Colonel Baxter to his (McKee's) mother. The court summoned the mother of Mrs. McKee and Colonel Baxter to appear November 12th and give testimony in the case.

STARTLING SHORTAGE OF ARMY OFFICERS

Low Pay and Slow Promotion Drives Men Out of the Profession.

WASHINGTON, Nov. 5.—The story often told of late of the inadequacy of the army pay is repeated with a new variation in the annual report of Colonel Hugh L. Scott, superintendent of the military academy. In this case for the first time in the history of the institution difficulty has been experienced in securing a number of cadets to fill the ranks of the corps. Colonel Scott says that this corps is now seventy-three below its authorized strength and the number of resignations from the regular corps include ninety of this class graduates from the academy. Colonel Scott says: "In the matter of trained soldiers the output of the military academy cannot with safety be permitted to fall below the rate of consumption of those who have gone before, plus the increased requirements of great and growing nation. It is believed that the more lucrative pursuits and greater field for promotion in private life are diverting young men from these careers of small pay and slow promotion in our country's service."

TAFT MAY ABANDON TRIP AROUND WORLD

MANILA, Nov. 5.—Secretary of War Taft gave out a statement today in which he said that he had not yet decided regarding the abandonment of his Siberian trip but that the probability is that he will return to Washington via San Francisco. He declined to discuss the reasons for abandoning his trip around the world but laid great stress on the situation at Vladivostok.

MEN WHO WOULD NOT RIDE TO BE RETIRED FROM UNITED STATES ARMY

WASHINGTON, Nov. 5.—Four army officers who failed to take the test ride directed by President Roosevelt to determine their fitness for army service have been ordered before a retiring board to meet in Washington, November 12th for examination. These officers are Colonel Henry M. Adams of the engineer corps; Lieutenant Colonel Ormond M. Lisk of the military academy; Major Henry H. Benham of the Third Infantry and Major Charles C. Pierce, chaplain engineer corps, now stationed at Washington barracks, the second senior chaplain in the service.

ITALIAN POLITICIAN ON TRIAL FOR FRAUD

ROME, Nov. 5.—The trial of Signor Nunzio Nasi, former minister of public instruction, who is charged with the falsification of documents and defrauding the state treasury out of several million lire, began today before the senate, constituted as a high court of justice. Michael Lombardo, who was under secretary of finance, was placed on trial with Nasi, charged with implication in the frauds.

Soother itching skin. Heals cuts or burns without a scar. Cures piles, eczema, salt rheum, any itching. Doan's Ointment. Your druggist sells it.

"I suffered habitually from constipation. Doan's Regulants relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Tex.

YOUNG WOMEN USHERS PLEASE OPERA PATRONS

NEW YORK, Nov. 5.—"These women ushers are all right," was the general opinion of those who attended the first performance of the season at Oscar Hammerstein's Manhattan Grand opera house. The Manhattan Grand opera house, which they have been drilled for weeks so that they know the number and place of every seat in the building. The result was that the audience was seated without delay, confusion or embarrassment. The young women were in neat uniforms.

PETITION GOVERNOR TO SAVE THE LIFE OF CONVICTED MURDERER

SACRAMENTO, Nov. 5.—A lengthy petition requesting that the death sentence passed upon A. J. Hill of Sonoma county, some months ago for the murder of W. S. Pierce, be commuted to life imprisonment, was received at the governor's office this morning. Hill is under sentence to hang at San Quentin on November 7th. The jury which tried him brought in a verdict of guilty in the second degree and he was sentenced to life. He appealed and was granted a new trial. The second jury found him guilty in the first degree and he was given the death penalty.

A MOVE FOR CENTRAL AMERICAN PEACE

MANAGUA, Nov. 5.—President Zelaya of Nicaragua, Davila of Honduras and Figueroa of Salvador will hold a conference tomorrow at Amahata with the view of concluding peace in Central America.

FIRE IN HOSPITAL ALARMS PATIENTS

CHICAGO, Nov. 5.—Considerable excitement was caused among patients of the German hospital in Chicago today by a fire which broke out on the top floor of the five-story building. There were no patients in the fifth floor. Sixty patients were carried by physicians and nurses into a building which adjoined the main building.

STEAMER STEWARD DROWNS HIMSELF AFTER AN ASSAULT.

BREST, France, Nov. 5.—A local paper today printed the following story: On October 28, during a voyage of the Hamburg-American Line steamer Kron Prinzessin Cecilie, from Vera Cruz, Mexico, to Brest, a steward broke into one of the cabin and attempted to assault Miss Maxine, daughter of the late Alfred Mar-hall, and god-daughter of the ex-empress Eugenie. The screams of the young woman, it is added, brought passengers to her rescue and the steward leaped overboard and was drowned.

THE WEATHER

SAN FRANCISCO, Nov. 5. Weather forecast:
The area of high pressure over the plateau region has moved rapidly eastward and the pressure has fallen rapidly over the Northern half of the Pacific slope. This has caused cloudy and somewhat threatening weather over California and Nevada.

San Joaquin valley: Cloudy Wednesday; light North wind.
Temperature (dry bulb) 50
Temperature (wet bulb) 45
Humidity 45
Wind East (mi. per hr.) 15
Maximum temperature 55
Minimum temperature 40
Today's rainfall00
Rainfall to date 1.05
Fully Wednesday.

General Conditions
There is a well believed distribution of pressure throughout the country this morning, and with the exception of a few scattered showers at widely distant points a notable absence of rainfall. A well defined area of low barometric pressure is centered over the Lake region and extends over the western half of the country, resulting in cloudy weather and light rains in Minnesota, northern New York, and the west Gulf coast. An area of high barometric pressure dominates the western half of the country, accompanied by generally clear, cool weather. Light rain fell in the region of Puget Sound and light to heavy frosts occurred generally throughout the Plateau and western slope of the Rocky mountains. The temperature has increased over Southern California while it has become slightly cooler along the coast of Oregon and Washington. Pressure distribution favors continued fair weather at Fresno and vicinity tonight and Wednesday.
J. P. BOLTON, Chief in Charge.

Piquette Tribe, No. 144, Red Men, held an initiation of candidates at the lodge rooms in Odd Fellows' hall.
Groves Humbert, Ancient Order of United Workmen, held its annual installation of officers at Odd Fellows' hall last night. The following officers were installed: A. Truett, noble arch; F. Sorenti, vice arch; M. Milano, conductor; D. Savino, inner guard.
On November 12 the grand officers of the order will visit Fresno and will give a grand banquet by Fresno and Humbert Groves.
Manzanita Camp, No. 169, Woodmen of the world, met last night and initiated one new member.

Degree of Pochontas
Mrs. Emma Sommer has returned to her home after an absence of four months during which she has been on an official tour throughout the state of the degree of Pochontas.
I. O. O. F. Master has capacity as Great Pochontas of the California reservation. She combined the official visits with her organizing work and never before during the term of a Great Pochontas have the official visits been made at such an early period of a term. She was north as far as the McCloud river country where at Kenneth she instituted a new council. This evening she will go to Oakes to institute a council there. During her four months of office, Mrs. Sommer as Great Pochontas has paved the way for the institution of eleven new councils in the state, a record which exceeds that of any preceding Pochontas for the full term of twelve months. The chiefdoms unexpectedly visited Navajo council on Tuesday evening on stepping off the train on return from her northern tour and was warmly received. Navajo's council has received a departure from the season's work and will undertake theatricals, with Bruce Harry P. Cotton as the stage manager.

CARPENTERS' UNION GAINS STRENGTH IN COUNCIL

Carpenters union, No. 601, elected C. V. Smith, H. T. Humphreys and F. Hocherfer to membership last night. The union, having attained a membership of more than 150 became entitled to one more delegate to the Federated Trades council. W. W. Long was elected to the position.
Cooks and Waiters' union, No. 63 held a well attended meeting. One new member was initiated and five applications were received.

CHINESE DIES FROM FALL FROM STEPS OF TEMPLE

Quong Sney, the aged Chinese who fell from the steps of the temple in Chinatown early Monday morning, died early yesterday morning at the county hospital, his skull having been fractured at the base of the brain in the fall.
The Chinese was treated by Dr. Lamkin at the emergency hospital and the physician suspected a fracture of the skull at the time. He sent the injured man at once to the county hospital where his condition rapidly became worse until he died in great pain.

LEARN TO EAT

How People in Fresno Really Know How.

Slow eating will solve one-half the problems of ill health. Those who suffer already with indigestion and weak stomach can with care and the use of M-O-N-A stomach tablets restore their digestion to a healthy condition, so that they can eat what they want at any time without fear of distress or suffering.

After a few days' use of M-O-N-A stomach tablets, the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear, and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Take a little M-O-N-A tablet before each meal so that it will stimulate the digestive juices and give strength to the stomach, and then it will take care of the food that is eaten, without indigestion and the unpleasant full feeling with which so many suffer after meals.

The San Joaquin Drug company have so much confidence in the power of M-O-N-A to cure indigestion and all stomach ills that they give a guarantee with every 50-cent box to refund the money if the remedy fails to give satisfaction.

Fruit and Raisin News

FIRST RETURNS ON GRAPES EXPECTED

First Cars Should Now Be Selling East.

Market Fine and Good Price Expected—Rain Would Now Stop Shipments.

The first car of Emperors for the 1907 season was probably sold at auction in the East yesterday, or if not will be sold today, in the opinion of local dealers. There was even some disappointment that one car at least did not sell Monday. The Eastern market is now in fine condition, and it will cause some surprise if the price paid for the Emperors is not exceptionally good.

Shipments have been exceptionally large so far this season, and it is now said that the amount of goods shipped from this state so far is about equal to that shipped in both the years of 1906 and 1905 taken together. The increase in shipments is due in a large part to the immense acreage, but is also attributable in part to the large crops of some of the grape varieties. The principal gain in acreage has been with the Tokays and the Malagas, while the exceptionally large crop was noticed to the greatest extent in Malagas.

The grape market this year has held up wonderfully, especially in white grape varieties. This is true in spite of the immense amounts of fruit, both from this country and from Europe, which was thrown on the Eastern market. The cause for the high prices in spite of the heavy shipments is thought to be the almost total failure of fruit crops in many sections of the East. Shipments both from this coast and from Spain, are the largest ever known.

There has been little competition between the Spanish grapes and the local varieties thus far, though they are rather closer to the same field at this time of the year than at any other. The Almerias are used for cold storage purposes, while the Malagas and Tokays of this state are used and thrown into consumption as soon as delivered. The Emperors now being shipped out, however, are put into cold storage for the late winter trade, especially for the better varieties, and so come into direct contact with the Spanish Almerias.

Six or seven cars of Emperors are now going out per day, taking the producing section as a whole. Shipments of Tokays are practically all finished. Perhaps seventy-five cars of the Emperors have been shipped from this state this fall so far. It is expected that seventy-five more will go out before the close of the season, though this is true subject to the weather entirely. Another heavy rain at any time now would mean the end of the shipping grape season for this year, as the fruit is now becoming rather ripe, and could stand neither rain nor frost. In case the weather holds good, the bulk of the crop will be cleaned up next week.

A Halloween Party.
Halloween was fittingly celebrated by the young people of Farley at the home of C. A. Marsh. The Marsh home is well known as a place where all social events are a success, and so up on Thursday evening all who were favored with an invitation appeared promptly at 8, where the pumpkin was on the gate. Here they were welcomed by two spirits from the great beyond, and were conducted to the house where hell and horror were lighted with ghastly, grinning jack-o'-lanterns. The rooms were decorated with black cats and witches. Games of fortune were tried by all the young people, and from a spider web arranged in the center of the parlor, each found in her future told in a few lines of rhyme.

The dining room was decorated with festoonings of chrysanthemums and similar. From the table were served the dainty lunch of sandwiches, fruits, candies and other reasonable goodies, with coffee and pumpkin pie, all served from hollowed pumpkins and on plates covered with black cats and witches. Fifty guests were present, and the midnight hour came all too soon, when they bade their host and hostess goodnight. All declared it one of the most enjoyable evenings they had spent for many a day.

THE WORD "BLEND" ON A BOTTLE OF WHISKY DOES NOT INDICATE THAT IT IS NOT A PURE WHISKY, BUT SIMPLY MEANS THE PUTTING TOGETHER OF SEVERAL STRAIGHT WHISKIES, AND

PEARS BRING \$2,000 PER ACRE THIS YEAR.

Oregon fruit growers are receiving record prices for their crop this year. For the Willamette Valley apple crop, which is estimated at 165,000 boxes, prices are reported as ranging from \$2.75 a box for the cheaper grades to \$3.27 for fancy Spitzenburgs, and \$12 a box for the fancy varieties. The entire apple output of the Hood River section is kept up to a high standard by the rules of the Apple Growers' Association, under which only perfect fruit may be shipped. Oregon pear growers are also rejoicing over prices obtained in New York for their crop, which will net to growers over \$6.00 a box. Last year's record was \$3.45 gross per car; this year as high as \$4.622 a car has been paid. The highest grade Comice pears brought \$7.64 a box. Pear orchards in the Rogue River Valley will return to their owners about \$2,000 an acre this season. With the end of the pear season it is possible to figure out Oregon's share of this year's crop. The total pack at Salem will aggregate 8,000,000 pounds, or 225 carloads, which the Harriman lines have made special provision to handle. Half a million dollars is the value placed on this year's crop.

RIPE OLIVES ARE BEING DELIVERED

Olives in this section are beginning to ripen, and ripe fruit is now contained in the lots being delivered to the Reading Fig and Olive Company's plant. While this is the case, it is probable that the actual active picking and picking of ripe olives will not begin until about two weeks from now, or near the last of this month. The handling of green olives is progressing very rapidly, and a good sized lot is being put up.

Crusling for oil will necessarily be begun only after the crop is well ripened.

COINCIDENCE NOTED IN THREE RECORDED BIRTHS

There is a coincidence noted in three birth certificates recorded yesterday by Mrs. Margaret Klein, a Russian midwife. According to one, Henry Beler was born on the 23rd ult., on South F street, the father being Henry Beler, aged 35, and the mother Katie Behar, aged 25, to whom five children have been born, two of them living. Then on the 23rd ult. twin girls were born at 261 Rosa avenue to Henry Beler, aged 35, and Marie Susie Schrad, aged 37, they having seven children, all living. The twins have been named Maggie and Lizzie.

LICENSES WERE GIVEN OUT TO FOUR COUPLES

Marriage licenses were issued yesterday to the following named: Simon Berk Van Beck, aged 30, resident of Laton and Johanna Maskeborn, aged 23, resident of Murrieta, Ill., natives of Holland. C. M. Eiland, native of Texas, aged 22, and Mabel Brown, native born, aged 23. Edward B. Gast, native of Kansas, aged 21, and Minnie Summers, aged 17, native of Colorado. J. E. Summers consented to his daughter's marriage. Clifford Smith (colored), aged 41, and Lizzie Finely (colored), aged 13, natives of Georgia and residents of Fowler. Judge Austin married the couple in chambers. Smith is a broom-maker.

RELIC OF DEWEY'S FIGHT CAUSES BAD EXPLOSION

BUTTE, Mont., Nov. 5.—The case of a mysterious explosion during the fire in the pavilion in Columbia Gardens last week was disclosed today when the exploded case of a six-inch cordite shell was found in the debris. The shell had been part of a war exhibit. It was fired at the Spanish forts at Manila by Admiral Dewey's fleet, May 1, 1898, recovered later by a soldier in the first Montana Infantry and brought here. The Garden's employees, ignorant of its contents, had handled the projectile very rarely during nine years. When it exploded, it threw great beams 100 feet in the air and tore out a portion of the building.

WHALING FLEET ESCAPES ICE FLOES

SAN FRANCISCO, Nov. 5.—The five whaling vessels of the Pacific coast fleet, which were thought to have been caught in the Arctic ice floes and for the safety of which and all on board grave fears were entertained by the whaling men of this city, are safe and should arrive here shortly. This word was received today through Stations Friedman from Unalakleet, and all the vessels are stated to be on their way to the open sea. Their catch is reported to be as follows: Herring, twelve whales; Beluga, nine; Beluga, 6; Turnstone, five; and William Baylen, one.

PEACE AMBASSADORS BACK FROM THE HAGUE

NEW YORK, Nov. 5.—General Horace Porter and Joseph H. Choate, two of the American ambassadors to the recent peace conference at The Hague returned home today and will go to Washington to report to the President. Both expressed themselves as entirely satisfied with the results of the conference.

Girl Drinks Carbolic Acid.

SAN FRANCISCO, Nov. 5.—Miss Alice Dougherty, a young girl living at 405 Third street, tried to kill herself this morning at 1 o'clock by drinking carbolic acid. John McDonald, a youth who had been about town with the girl until a late hour, snatched the bottle from her hand before she had drained the entire contents of the bottle. She is not expected to live.

Corn Products Suit Enjoined.

CHICAGO, Nov. 5.—Judge Kohlsaat, in the United States circuit court, today issued an injunction restraining Geo. F. Harding of this city from prosecuting in the state courts the suit recently started by Harding asking for the appointment of a receiver for the Corn Products Company.

FRESNO WOMAN'S VIEWS ON GRAPES

Mrs. M. E. Sherman Reads Paper at Farmers' Institute.

Deals with Results of Observations on Culture of Table Grapes Here.

Mrs. M. E. Sherman of the Minnewas vineyard, read a paper which attracted a good deal of attention at the recent Farmers' Institute held at Davisville. The address was reported as follows:

"A paper on 'Table Grapes' was read by Mrs. M. E. Sherman of Fresno, who has achieved a Statewide reputation as a vineyardist. The Sacramento Union gives the following summary of what she said: 'The varieties of table grapes shipped from California in large lots are the Thompson Seedless or the Sultanina, the Sultan, the Malaga, Tokay and Emperor. Small quantities of Cornichons, Black Prince, Muscats and Rose of Peru, are also shipped. The Sultanina is a fine grape when well grown. The bunches are large and showy and as there is but little clipping it is a cheap grape to pack and shows up well in bunch-packing. The Malaga is a fine variety when it is good, but varies greatly in quality, the yellow grape being fine but the green one being watery. The Sultanina and Sultan cost more to produce than the Malaga. The Muscat is not a shipping grape in most seasons, but is always in demand at local or nearby markets. The practice of late years is not to prune it so close to the ground. The Tokay and Emperor are high-staked vines, adding considerably to the expense of the vineyard, as stakes have been high-priced of late. The price of stakes is likely to decrease. Cement stakes are in use and popular, willow and mulberry stakes are needed and used.'

'New land is often planted to vineyard, but should be filled with water before planting. Haste in planting is to be avoided. If in the spring a field is summer-fallowed and in the fall plowed deep and left ridged, to take in the air and rain, then at the spring plowing time is run into deep furrows and well soaked with water, plowed, harrowed and sown to corn, the corn should be watered twice during its growth and kept well cultivated. The air is worked into the soil and the water held by cultivation. Manure spread at summer fallow time and worked into the ground, helps to hold the moisture. On land prepared this way a perfect stand of vines can be expected. The third year will give a crop under the treatment and vines will be as large as at five years under ordinary treatment. A quicker way is to put on big teams, plow deep and follow with a subsoil plow. Plant the young vines and irrigate in a single furrow close to them. Give the last irrigation in August and spread on a heavy coat of manure for mulching. Eastern men make the common mistake of planting vineyards on alfalfa fields plowed up.'

'The old art of planting cuttings has come up again after being dropped once, as nature will not have it. The idea that cuttings make stronger vines than rooted vines is a mistake, and they make only a 30 to 50 per cent stand unless unusually good care is taken of them. 'The use of fertilizers is neglected in California vineyards. It will pay to plant plenty of manure in trenches and plow under. In the third year usual to have from 75 to 80 per cent of cuttings grow in the Tokay belt of San Joaquin county. 'Her directions about irrigation are not practicable here though it is claimed by many that irrigation in this county would increase both the growth and the yield of the vines without injuring the fruit. 'Keep Vineyards Clean. 'Mrs. Sherman made a suggestion applicable everywhere when she declared that vineyards must be kept clean and that weeds and other places of refuge for vinehoppers and other pests should be destroyed. On this account many advocate early pruning. On the black land of this county pruning is already in progress in some places. 'Peculiar Vines. 'She declared that the quality of shipping grapes could be improved by a process of selection, and said that she had grown Emperors most successfully by pedigreeing them; that is by taking cuttings from marked vines that had produced well for two seasons. 'Women Best Pickers. 'In closing she urged care in packing grapes for shipment, and said she is never so happy as when surrounded by girls and women in the packing houses, where the eye is fastened with the marvelous beauty of the grapes, almost as sweet as the pretty girl faces bending over them. Women are the best pickers, as they have an eye for color and harmony. She had no use for the Japs, who are careless and indifferent. 'She insisted that the fruit must be handled carefully by the stem and laid on paper in boxes before being tied with ribbons. The packers laid at first objected to the ribbons, but her experience had proved that the cluster fruit is in great demand and shows up brilliantly on the dinner table. 'Loving Kindness she declared to be the best way of managing workers. That is why there should always be capable women at the head. Loving the work in hand is the only way to be faithful to it.'

COUNTY PRACTICALLY FREE FROM ANY CONTAGION

That Is the Showing Made by County Health Officer Long for the Month.

County Health Officer Long makes the showing in his monthly report that the county was practically free from contagious ailments since the previous report rendered by him. One case of measles was reported and quarantined. The cases of diphtheria in separate families in one school district. No deaths from either case. The usual number of complaints regarding minor nuisances came in during the month and attended to. Some were abated, others not. A pickle factory on the lot adjoining the Belmont school house was the cause of complaint. Also pig pens were complained of. Some of these were removed, others cleaned up. Some of the school houses are greatly overcrowded. Additional room space is needed in these districts.

THUGS HELD TO ANSWER FOR HIGHWAY ROBBERY

Bail of Youthful Desperados Is Fixed at \$5,000 by Court.

Julius Smith and William Harvey, who held up a number of people on the streets here last month and have several charges of burglary against them, came up for preliminary examination in Judge Briggs' court yesterday and were held to answer before the Superior court in \$5,000 bail each. They were taken back to prison.

The men were unmoved during the proceedings, although they were fully aware that they could be sent to the penitentiary for life if convicted. Harvey, who is but a boy, openly sneered at the court when the decision was rendered.

FRESNO NAVAL RECRUIT DESERTED FROM SERVICE

Lieutenant-Commander McCall of the recruiting ship, Independence at Mark Island, navy yard communicated yesterday with Mayor Lyon, announcing the fact of the desertion of Frank Day, Beckwith. Beckwith is one of the gang of young fellows who fell victim to the handshakes of the naval recruiting detail that was here one week ago seeking eligibles for the complement of the cruiser California. Fresno's mayor was communicated with on the supposition that this being his home the deserter would likely return hither. The mayor passed the communication to the police chief, that his sleuths should may take up the trail of the deserter, if he appears here.

WILL PLACE TABLETS ON AMERICAN GRAVES IN CHINESE FIELDS

SAN FRANCISCO, Nov. 5.—The transport Buford sailed today for Honolulu, Guam and Manila with over 100 passengers and 4,000 tons of army supplies. In her treasure vaults are 200 boxes of Philippine pesos, valued at \$1,800,000. Among the passengers is Lieut. Col. Webb C. Hayes, president of the Chinese Battlefield Commission, who is going to the Orient to place bronze tablets on the monuments erected at Pekin and Tien Tsin in honor of American soldiers and sailors who were killed during the boxer outbreak.

May End Ocean Race War.

LIVERPOOL, Nov. 5.—It is confidently expected in shipping circles here that the formal conference between representatives of the Atlantic Ship companies, as suggested by Chief Director General Ballin of the Hamburg-American Steamship Company, while he was in this city a couple of days ago, will result in ending the rate war and a return of the trans-Atlantic fares to their former level. The conference will, it is said, assemble in a week or ten days.

CATARRH OF THE STOMACH

A Most Dangerous Disease, Which Causes Serious Results, Unless Properly Treated.

Catarrh of the Stomach is very common. It is known as one of the most obstinate diseases which, when neglected or improperly treated with cheap patent medicines, tonics, drugs, pills, and other secret quick remedies, results in a broken down constitution and often consumption and death.

Catarrh of the Stomach, like every other disease of the stomach, except cancer, is the result of poor digestion. The digestive organs have become weak; there is a lack of gastric juice, your food is only half digested, and as a result you become affected with loss of appetite, pressure and fullness after eating, heartburn, vomiting, waterbrash, tenderness at pit of stomach, slimy tongue, bad taste in the mouth, constipation, pain in limbs and back, sleeplessness, nervousness, belching of gas, flatulency, headache, dizziness, mental depression, nervous weakness, and many other common symptoms.

If your stomach cannot digest the food you eat, then the stomach needs a remedy. Sturdt's Dyspepsia Tablets are the only known substitute that will digest your food as well as any healthy stomach. They contain vegetable and fruit essences, aspepsin (goat test), gold on seal and digestive, the very elements necessary to digest all foods.

Sturdt's Dyspepsia Tablets are not a secret remedy, and for that very reason thousands of physicians all over the United States recommend them to their patients for catarrh of the stomach, dyspepsia of all kinds, and other stomach troubles. Experiments and tests have proven that one grain of the active principle contained in these tablets will digest 3,000 grains of food.

Sturdt's Dyspepsia Tablets are in the form of pleasant tasting tablets or lozenges, and are sold in large fifty-cent boxes at all drug stores.

Send us your name and address, and we will send you a free sample packet. The relief you will get from this trial packet alone will convince you of the merits of Sturdt's Dyspepsia Tablets.

Address: F. A. Sturdt Co., 150 Stuart Bldg., Marshall, Mich.

TO THE PUBLIC

We are not going out of business. We are here to stay and make our promises good. When you buy a piano of us, we, as well as the manufacturers, guarantee the instrument and our exchange agreement goes with every piano purchased.

365 DAYS TRIAL

Come in and let us explain to you how and why we make this great offer.

OPENING EVENINGS UNTIL 9 O'CLOCK.

Thirty years, manufacturing and selling pianos, have taught us that pianos cannot be sold for less than cost by any concern no matter where located. We have never carried a line that cost \$98 and sold them for \$250.

ONE OF OUR HIGH GRADE PIANOS IS

As good as a Government Bond

PIANOS

Decker, Poole, Kimball, Gabler, Cable, Crown, Clarendon, Baus, Schumann, Schubert, Hallett & Davis, Bailey, Lester, Clough & Warren, Peerless Electric and the famous Auto-piano and many others.

and with every piano purchased of us we furnish a piano stool and scurf and deliver it on board cars or anywhere in this city.

THE AUTOPIANO

The greatest of all player pianos and the only player piano manufactured under one roof. It is made especially for the home and takes the place of the dead one you now have sitting in your parlor, the only automatic player that has the touch of the artist, the only piano manufactured to fit the requirement of the player. Other pianos being manufactured in one factory and shipped to some factory where an interior mechanical device is manufactured, and in this way such pianos fail to be made heavy enough as the owner often uses a player piano more than the regular stock instruments are used. Before buying a Player Piano, Upright Piano or a Grand be sure and see our large stock.

OVER FIFTY NEW PIANOS TO SELECT FROM—and at prices lower than any piano firm in California, no matter where located.

REMEMBER

We sell you a piano taking quality into consideration for less than any piano firm, and we are here to stay and make our promises good.

COME IN AND ASK HOW YOU CAN SAVE AN HONEST \$75 TO \$100 ON ANY NEW PIANO.

We will sell you a used

Upright Piano \$75.00

If you do not care to pay cash, we are pleased to sell you on terms of \$5 to \$50 down, and \$5, \$6, \$8 or \$10 per month, with the privilege of paying more or all at any time.

Falkenstein Music Co.

OPEN EVENINGS UNTIL 9 O'CLOCK.

Six Months Spent in Study at

HEALD'S

Will make you worth more from the neck up than you are now worth from your head down.

We train the brain and increase the value of the head.

Fresno, Cor. I and Merced.

EVERY LOYAL CALIFORNIAN AND EVERY VISITOR TO CALIFORNIA

Should possess these two

Romances Typical of the Early Days:

For the Soul of Rafael, A Romance of Old California

By Sarah Fraut Carr. With 15 Photographic Illustrations, and decorations in tint. Seventh edition. \$1.50

A glowing picture of the early Spanish life in California, and one of the few romances that will live, in which the scenes are laid in California. Intensely picturesque and dramatic. An unusually attractive gift.

The Iron Way, A Tale of the Builders of the West

By Sarah Fraut Carr. With 4 full-page illustrations, by John W. Norton. Fifth edition. \$1.50

This book is alive with the spirit of the West. Its pages are a faithful record of the trials and hardships of the "big four"—Crocker, Stanford, Hopkins, and Huntington, and those under them who helped to build the North American continent.

The girls of the Young Women's Christian Association are planning some novel features for their Harvest Home on Friday evening. The "county fair" feature offers special attraction and there are going to be some very attractive booths in it of farm produce and samples of housewifely cookery.

The girls of the evening club have volunteered their services at the musicals of the evening and will present a real live brass band which will not only add to the general liveliness of the fair, but also to the musical entertainment of the social committee, chairman of the social committee, chairman of the social committee.

Mrs. Montgomery Thomas has issued invitations for a musical next Tuesday afternoon at her home on L street. This will be quite the largest social happening of the season up to date and promises a delightful afternoon for the fortunate guests.

Mrs. Henry A. Pratt, with her small daughter, arrived last night from San Francisco, where she has spent a prolonged summer outing. The Pratts

The finest coffee substitute ever made has recently been produced by Dr. Shoop of Racine, Wis. You don't have to wait twenty or thirty minutes, "Made in a minute," says the doctor, "Health Coffee," is really the closest coffee imitation ever yet produced. Not a grain of real coffee in it either. Health Coffee imitation is made from pure roasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Sold by Rutner-Goldstein Co.

The Farmers' National Bank is a strong, conservative banking house. Capital, \$200,000; surplus and undivided profits, \$65,000. We invite you to open an account here.

COMPLICATIONS OVER LICENSE COLLECTORSHIP

Who Will Want a \$90 Job Under a \$20,000 Bond and No Horse Here.

Things are in a muddle over the city license collector vacancy, with no telling when it may be filled, because of the apparent inability to hold a meeting of the city trustees on account of the holidays. The making of the vacancy comes at a bad time also during the middle of a quarter in an office which brings in the city a layer portion of its annual revenue.

It appears now that Mayor Lynn relieved Acting License Collector Ensign Albin and placed City Clerk Ryan in temporary charge on the representation that Albin's bond of \$20,000 is no protection, because his appointment has never been confirmed and that he was in the office without the legal action or sanction of the board. In fact there is nothing of record to show that the late Collector Coleman is not in office and nothing that his accounts have ever been approved and his bond exonerated.

Under the circumstances and the further fact that Albin has been acting under a temporary appointment which has never been confirmed a question arose as to his bond. The surety company would not oblige itself under the circumstances and this fact having been called to the attention of the mayor last Saturday he acted upon the advice of the city attorney and ordered the office vacated.

Another complication in the filling of the vacancy has arisen in the matter of the remuneration of the office. The pay is \$90 a month and the board has allowed \$35 a month for horse hire. The hire has been ordered out of by the mayor, notwithstanding the fact that the authorization was one allowed by resolution of the trustees. The question is now who will yearn for a \$90 city job and for the privilege of it give a \$20,000 bond and do all the collecting on foot?

of Miss Maud Muller, Miss Einstein, Mrs. Craycroft and others. She is an accomplished musician and unusually bright and clever besides being decidedly good to look at, being a sparkling brunette. The wedding will take place some time during January.

This afternoon at 2:30 o'clock in the Cumberland Presbyterian Church a meeting will be held in the interest of the work among the Indians of Fresno county. The work is just being organized and the field secretary, Mrs. S. C. White of Tulsa, will be present to explain in detail the plans of the work. A good attendance is hoped for.

Mrs. V. R. Smith has as her guests Mr. and Mrs. Fred Luckey and daughter, Miss Mabel Lee of Parlier. Mr. and Mrs. Luckey intend going to the mountains in hopes of benefiting Mr. Luckey's health, but Miss Mabel will stay in Fresno for some time.

Mrs. Julius Lindner of San Francisco arrived yesterday on a visit to her sister, Mrs. Max Hoffman.

Judge G. W. Smith yesterday united in marriage Edward B. Gust and Miss Minnie Summers of this city. The bride's parents, Mr. and Mrs. J. E. Summers, accompanied her. She also has sister and one or two friends. The groom people will make their home in Modesto, where the groom resides.

A very enjoyable party was given in honor of Mrs. L. S. Combs by the ladies of the Women of Woodcraft, of which lodge Mrs. Combs is a member.

Mrs. Combs (formerly Miss Hattie Wagner) has always been an active and faithful worker, and general favorite; therefore her many friends rallied at the call of Jolly Little Mrs. Deck to give her a good time.

The result was a very merry party. The members came laden with useful and beautiful presents and plenty of cake.

The afternoon passed very pleasantly with cards-playing and games, and a generous spread of cake and coffee made a very appropriate ending to the happy party.

Among those present were Mrs. Anna Henderson, Mrs. R. F. Ball, Mrs. Lyons, Mrs. William Dick, Mrs. H. F. Barford, Mrs. Haggerty, Mrs. E. P. Smith, Samuel Haggerty, Donald Dick, Amy Bell and Baby Lyons, Mr. and Mrs. Combs and Grandmother Combs. Mr. and Mrs. Combs are also members of the Robekas lodge, so that lodge was also represented in the guest list.

FLEES FROM HUSBAND PURSUED BY AUTO

San Francisco Humane Officer Takes Mrs. A. E. Jones Away From Her Home.

TRACY, Nov. 5.—Mrs. A. C. Jones, formerly Minnie Stude, wife of a well-known photographer of Newman, passed through here on her way to the home of her sister in San Francisco to escape the wrath of an irate husband, who, it is claimed, had threatened her. The lady had appealed to neighbors for assistance, as it was claimed she had been threatened by her husband that morning and also previously.

James McDonald, wearing badge 716 of the Humane Society of San Francisco, was the party to whom she had applied and she went in his care to San Francisco.

The husband arrived here in an automobile about 4 o'clock in search of her, but she had gone. Information had been sent that the woman was insane, but to the passengers and those on the train that knew her there was nothing to show but that she was in her right mind. She carried a babe on her back and a half old. There are two children left at home at Newman.

The father stated that she had no reason to leave home and that he did not know that she had gone until after the train left Newman. The husband returned to Newman swearing vengeance on McDonald, whom he claims he will have arrested.

The question is now who will yearn for a \$90 city job and for the privilege of it give a \$20,000 bond and do all the collecting on foot?

TENNESSEE PASTOR WILL HOLD REVIVAL

Rev. James M. Webb Will Conduct Three Weeks' Series of Meetings at C. P. Church.

James M. Webb, who will conduct revival meetings in Cumberland Presbyterian Church.

Next Sunday James M. Webb of Merced will begin a three weeks' series of revival services at the Cumberland Presbyterian church. The coming of this stirring evangelist will be an event in the church, for he is an able speaker and an earnest worker. He is a Tennesseean by birth and education, a graduate of Cumberland university with A. B. and D. D. degrees. For four years he was the pastor of one of the largest churches in Tennessee. Two years ago he went to Merced, where he has been most successful in his work. Although essentially a pastor, he has conducted revivals almost continuously and met with great success. He is a man of much personal magnetism and steadfastness of purpose. He employs no clap-net methods in his revivals, only asking the assistance of all Christian people irrespective of denomination.

On Sunday there will be three meetings. At 11 o'clock the sermon will be "The Four Essentials of the Gospel." At 3 o'clock will occur a great religious rally and testimony meeting. Sermon at 7:30 on: "What a Man Loses by Not Being a Christian."

BICYCLE COLLIDES WITH AUTOMOBILE

S. McGarvin Bruised in Fall to Pavement.

Elderly Man Stunned and Unconscious—Injuries Thought Marvellously Slight.

S. McGarvin, a woodworker, in the employ of Krop Lauritzen & Co., was struck last night about 8:30 o'clock at J and Tulare streets, by an automobile driven by A. W. McKittick, and thrown violently to the pavement, suffering severe bruises, but probably no greater injury. McGarvin, who is an elderly man, was riding a bicycle at the time. The fact that he was thrown under this machine—as he fell—probably saved him from greater injury from the big motor car. McGarvin was taken into the Patterson Block pharmacy, and examined by Dr. L. B. Hines. He was later taken to his home on Iowa avenue, in the machine which hit him.

McKittick and Milt Mail were in the automobile coming up Tulare street toward J. from the direction of T. As they rounded the corner at J street, turning toward Mariposa, the right-hand side of the street, in place of the right, as is customary under most conditions, McGarvin was riding his bicycle up J street, on the opposite side from the machine. As the latter rounded the corner, the bicyclist swerved, apparently under the impression that the car would take the right hand side of the street. As he saw the car coming upon him, he cried out, but was not able to stop in time. Neither was McKittick. The auto struck the front wheel of the bicycle, and the old man was thrown violently to the ground. It seemed to many of the bystanders that two wheels passed over his body, but this was not the case, as he fell far enough away to escape the almost certain death of being run over. McKittick stopped within forty feet, and came back to lend what assistance he could.

It was some time before McGarvin recovered consciousness. He was unable to remember where he lived, or what he had been doing previous to the accident. He appeared to be suffering from the shock. He was taken home by Patrolman Goehring.

The automobile at the time of the accident was going at a rather high rate of speed, but the business section of the town still the unaccountable manner in which the old man suddenly swerved in front of the machine was not to be foreseen by the automobilist, who gives this as the reason for the accident.

HUNTINGTON INTERESTS SUSPEND CONSTRUCTION

Thirty Men Coming Down from Mountains and Yosemite Survey Called Off.

On account of the present financial flurry in banking circles, construction work on the Huntington interests in Fresno county will be greatly curtailed, if not practically stopped.

A. G. Wishon, manager of these big enterprises, so announced yesterday. Thirty men and teams that have been engaged on electrical development work in the mountains have been recalled.

Emil Newman, who with a surveying party has been going over the survey for the Yosemite road, has also been recalled and is expected down in a few days.

Park Stable, 2232 Tulare St. Tel. Main 518. E. L. Arguer, Prop.

RUTNER-GOLDSTEIN CO.
THE HOUSE THAT SAVES YOU MONEY

HENNELLY FUNERAL WAS LARGELY ATTENDED

At Her Request the Remains Were Conveyed to the Grave From the Home.

One of the largest attended funerals was the one yesterday of the late Mrs. Mary J. Hennelly. The mourners that followed the hearse to the grave at Mountain View Cemetery occupied thirty-five carriages, and a large express wagon was impressed into service to convey the many floral tokens that had been laid at the bier at the church and home funeral.

Mrs. Hennelly was a devoted member of St. John's Catholic Church and it was a request made by her to her daughter that after the church ritual her remains be conveyed to the grave from the house where she had lived eighteen years. The pallbearers were: Dante R. Prince, Charles R. Puckhaber, W. H. Ryan, Bart Harney, Frank Borello, James Gallagher and T. C. Collins.

Mrs. Hennelly was a well beloved woman, a native of Dublin, aged 41 years, 7 months and 13 days. Surviving her are three children, Miss Catherine, aged 19 and two sons, named Jim and Emmet, aged 17 and 12 years. There is considerable estate and the will disposing of it will be opened and read to the family relatives tomorrow.

Many a man who has been made miserable by her death and unaccountable loss of her will miss her. Some of those who had been favored with her motherly attentions were at the funeral and shed tears at sight of the familiar and kindly face that they were to see no more. Mrs. Hennelly arrived in Boston from the old country at the age of seventeen and married in Fresno on June 10, 1885, D. J. Hennelly, before which she had lived here in the service of the pioneer Blasingame family.

After marriage the Hennellys engaged in the dairy business on Fortcamp avenue, afterwards building the New Zealand House, which she made her home for eighteen years. It was a popular resort for Madara and Fresno saw-mill men, whom she treated more as a mother, and hundreds of this rough but appreciative class worshipped her and have been aided by this big hearted woman.

WISE TALKS BY THE OFFICE BOY

SQUARE DEAL AND RAIL GOODS

A man ran an ad in the New York Sunday papers stating that upon receipt of one dollar he would send in a sealed envelope a receipt for saving gas bills. A merchant who sent a dollar received a slip of paper upon which was printed, "Paste them neatly in a scrap book." There is a familiar name that you should not only paste in your scrap book, but every man should see that it is pasted in his hat, and that's Maurice Rorphuro. That name in a hat or on any kind of a piece of merchandise means good stuff and your money back if you want it. My boss believes that if a merchant advertises the sober, plain truth, it will hold customers stronger than all the "hot air" gush that ever happened. That is one of the nice things about such clothing as we have; the quality is so good and the make and fit so perfect that they need no "con game" to make them sell. And right here let me tell you that the new fall suits are in and we will be glad if you come in and try on some of them. Grays, browns and blues are still the vogue and we have them for you.

COALINGA CULLINGS SHOW ACTIVE TOWN

San Francisco Officials Visit Telephone Office.

New Opera House Nearing Completion—Development in Oil Fields.

COALINGA, Cal., Nov. 6.—The past week has been a busy one for Manager Bond, of the Telephone company. Division Chief Operator, C. N. Robinson of San Francisco, came down to look over the company's business with a view of trying to improve the service, investigating the needs of the district. Division Wire Chief, H. S. Stanford, of San Francisco, was out over the field making a list of the various toll lines. The division trouble man, he to whom all complaints are made, who is presumed to be equal to every occasion, he that turns your complaint—or trouble—into a blessing, was over the town and the field. He left every subscriber in the best of humor, believing that he had the best service possible, and hopes of improvement this side of the Great Divide.

The new opera house, being built at the southwest corner of E and 4th street by the Coalings Hall Association, is fast nearing completion. The ornamental iron front, the three-story portion in the rear to allow of the scenic curtains being raised in place of rolling, makes the building look very city-like. It will be another building added to the city that reflects credit upon the townspeople.

The Eugene Connel Oil Company, whose property lies about twenty-seven miles westerly from here and about five miles above the old coal mine, sent its representative over here to secure a big build. It has constructed with E. W. Connelly to build rig and derrick for well No. 1. It has secured supplies through the local supply houses here.

W. J. Bender, superintendent of the Kern Trading and Oil Company, is the proud possessor of a fine new automobile. The Southern Pacific Company recognizes the necessity of rapid transit from point to point of its chief representative in this field. This move indicates the vastness of the contemplated development of the large interests here in this field, and also gives credit to the building of the pipe line to handle the oil from this field.

R. H. McCrory has assumed the management of the Manchester Oil Company, on Sec. 15-21-15, vice W. P. Kerr, deceased. One can hardly see any important piece of oil property in this field without being reminded of Bill Kerr, the rough diamond of the field.

The Graham Well, on Sec. 6-21-15, has 10-inch California Special Casing 2300 feet deep. It will cement off the water with the improved method of handling cement. The future of Sec. 6-21-15 is in good hands at present, as the water problem has been in a measure solved, the oil sand and the water sand located beyond a question. The management of the Associated Oil Company and the Graham interests have spared no pains or money in making these tests.

John A. Bunting came in Sunday to enjoy his usual pastime, that of directing work about his varied properties here in this field, the Esperanza Oil and Gas Company, the B. & B. Oil Company, the Shawmut Oil Company, and others; also, the Bunting Iron Works and shops in town, where with khaki suit he enjoys the strenuous work and looks the picture of a happy and prosperous oil man.

Lon Galbreath, of Los Angeles has been in town the past week looking after a hotel proposition. He will soon have the plans perfected for an 80-room hotel, which will have a good up-to-date dining room. The building will be a first class building that will meet the requirements of the town ordinance as to fire-proof buildings.

As soon as Mr. Galbreath returns from Los Angeles he hopes to have the work on the building commenced. He will select the furniture and fittings in Los Angeles, which will make his house up-to-date.

The town trustees at their meeting last night decided to remove to the rooms over Williams' ice cream parlors, at the northwest corner of E and 5th streets, where they will be able to accommodate the recorder with a court room, and also to give the fire department a place to hold meetings, as they have outgrown the old quarters in the hose house. The trustees appointed a committee to take up the matter of additional street lights and report at next meeting. It was stated that at least seven additional lights were needed. The matter of cement sidewalks on 5th street was again under consideration and a committee asked to report at next meeting. An amendment to the fire ordinance was adopted requiring every building to have a door way two by three in the wall to permit the firemen to more effectively fight fire when located between ceiling and roof. The recorder's report showed that the town had turned into the city treasury this month the sum of \$104.

The California Monarch Oil Company, on Sec. 25-19-15, has had to pull the 12 1/2 in. well No. 2 on account of pinched shoe. It now has the pipe back and will land at about 1200 feet. Well No. 1 is doing about 300 barrels daily.

The Shreve Oil Company, on Sec. 6-21-15, controlling interest held by the Associated Oil Company, will cement off the water this week, having located the sand.

The California Diamond Oil Company, on Sec. 12-19-15, has shut off the water at 3020 feet and has a good showing of oil. It is waiting the putting up of two iron tanks before bringing the well in.

J. W. Paulson, of San Francisco, who has large interests in this field, was in the field last week accompanied by his sister, who enjoyed the change and scenery, a pleasing contrast from the whirl of San Francisco society.

The Saur Dough Oil Company, on Sec. 22-15-15, now owned by the Crocker interests, will soon commence work on well No. 6.

The Coalings Western Oil Company, on Sec. 23-20-14, has installed a 12 1/2 iron gauge tank.

The Golden West Oil Company, that

BUSINESS IS BRISK AT VISALIA PLANTS

Financial Stringency Does Not Affect Packers.

Frank Archer, Paralyzed from Fall, Is Laid to Rest.

VISALIA, Nov. 5.—There will be no suspension of business at the local packing houses due to the financial stringency. The packing season is now at its height and with large forces of men, women and girls employed, the weekly and monthly pay rolls are large. No trouble is being had in obtaining necessary sums from the banks, as the salaries are paid locally. The sums spent in the purchase of dried fruits were turned over before the panic, and little difficulty exists in this regard, the orchardists having in most instances obtained their remuneration. The various packing houses are making daily shipments of from five to ten cars of dried fruits.

The funeral of Frank Archer, who died Sunday, was held this afternoon at 1 o'clock from the Morgan Rush residence north of this city, the interment being in the Elbow cemetery. Archer fell over backwards from the seat of a wagon a month ago striking upon his head, and his neck was dislocated. He has been paralyzed since from his neck down. His father, mother, brother and sisters and fiancée were with him, the last named, Miss Elmer Winslow, has been in constant attendance ever since the accident. Rev. T. J. of the Christian church conducted the ceremony.

Porterville may soon commence the erection of a \$25,000 Masonic hall. Plans of the same have been submitted and are under consideration.

Herni has returned from a visit of several weeks in Colorado and Missouri.

Mrs. A. Neff of Oakland and sister Miss Alice Wright of Fresno were guests this afternoon of Mrs. T. J. Walker. Mrs. Neff was a teacher in the Visalia schools in the eighties, but has not visited here since that time.

will soon operate on Sec. 24-21-15, is making arrangements for development work. G. W. Warner, of Detroit, Mich., an Eastern oil man of experience, is now on the ground making arrangements for the work.

The Express Oil Company, with holdings in the Southern Coalings field, is making arrangements for development work to develop some of its territory.

GAMBLING MUST STOP SAYS SELMA TRUSTEE

A. A. Rowell Proposes Ordinance Against Gaming.

Care to Be Taken Against Transmission of Minor Contagious Disease.

SELMA, Nov. 5.—Selma is to suppress gambling. Trustee A. A. Rowell introduced at the trustees' meeting last night a proposed ordinance against gambling, intended to correct present abuses and to strengthen the laws now in force. Chairman Byrne presented an ordinance relative to delinquent taxes and Health Officer Williams requested the board that more stringent regulations be adopted to protect the public health against the transmission of minor contagious diseases, such as chicken-pox, measles and smaller ill in dealing with which the school law is not very severe. He requested that the board pass an ordinance making it compulsory for the principals of the schools to forbid the attendance of children from homes where such contagious exist. The board referred them after to Attorney Smith, directing him to confer with the health officer in framing such an ordinance.

C. H. Sherwood applied for permission to erect a frame, or corrugated iron building on the railroad reservation near the depot for a Wells-Fargo office. Permission was denied, but Mr. Sherwood was instructed that he might proceed with a veneered brick structure.

City Engineer W. H. Shaffer has about completed the work necessary to making an estimate of the cost of a sewer system for Selma. As soon as the figures have been obtained, the board expects to take up the matter of calling an election to bond the city for the amount required. There seems to be little doubt that the bonds will carry with a large majority.

Selma's Japanese population began their Saturday night celebration—the birthday of the emperor and continued their festivities until Sunday evening. A beautiful display of fireworks was given Saturday night and a continuous performance at the opera house on Sunday. In the afternoon a wrestling match was held at the ball grounds, where owing to a disagreement between the participants as to the awarding of prizes the spectators were shown some very good Jiu Jitsu that was not on the program.

Some of Selma's prominent families have started a movement for the organization of a choral society. E. M. Drury has been secured to direct the work. A meeting for all who are

interested in vocal music will be held at the M. E. Church (South) Friday evening.

Mr. and Mrs. T. L. Jones have returned from a visit to their old home in Missouri. A brother of Mr. Jones, accompanied by his family, came with them and will make Selma his home.

Ralph Paul and wife are here from Oakland on a visit to their parents.

J. Maltry of Fresno spent Sunday with his brothers.

D. H. Horney, a friend of Dr. T. A. Grant, is expected to arrive today from Springfield, Mo.

Miss Mary Blackburn left for Ocean Beach Sunday morning, having been summoned there on account of the illness of a friend.

Judge Church began yesterday the trial of the case of Jacob T. Hlibak vs. C. H. Baker and wife to recover \$375 claimed as 3 1/2 per cent commissions for the sale of 40 acres of land. The trial proceeded after the attorneys had entered upon the following agreement on account of the public holidays:

"It is stipulated by counsel in open court that whatever effect the fact of today being a legal holiday might otherwise have upon the taking of evidence or the evidence taken upon this day, it is to be the taking of evidence and the evidence taken in this case waived."

Hlibak sued as the assignee of the New England real estate and insurance company to recover under an agreement made in May last in pursuance of which T. K. Sarkisian as the agent of the company found in G. Goggin for \$7,500 a purchaser for the southwest quarter of the northeast quarter of section 19-14-12 with a deposit of \$800. The defense is that the order of sale was given conditionally upon the approval of the wife, who is the owner of the land, and that she withdrew the order before the alleged finding of a purchaser in July last.

FORMER POLICEMAN NEW NIGHT JAILER

Sheriff Chittenden Appoints O. M. Akers to Succeed H. B. Staley.

Sheriff Chittenden yesterday announced the appointment of O. M. Akers to fill the vacancy as night jailer at the county jail made by the resignation of H. B. Staley. Akers is well and favorably known in the city and his appointment is generally regarded as a very wise one. He was formerly on the police force of the city where he made an excellent record. Akers is 35 years old and a native of Fresno.

Speaking of the appointment yesterday the sheriff said: "A night jailer must, above all things, be a man who is thoroughly reliable, courageous and of scrupulous integrity. Harry Staley was such a man and I was sorry to lose him, but I believe I have just as good a man in Akers."

The Careful Physician

A doctor recently said:—

"I know that if I could keep Coffee from most of my Patients the remedies would be more effective."

That's because Coffee contains a drug—Caffeine—which interferes with the

success of other drugs the doctor may be giving the patient. Many persons do not realize they are taking a drug into their systems when they drink Coffee or Tea, but such is the fact.

Some of the effects of the Coffee drug are: Nervousness, Palpitation of the Heart, Shortness of Breath, Insomnia, Sour Stomach, Loss of Natural Appetite, Cold Hands and Feet, Indigestion, Bowel Troubles, etc., etc.

Common sense would suggest the disuse of Coffee when such symptoms show themselves, before the disease becomes permanent. It is well to heed the doctor's advice, when he says:—

"Cut Out Coffee if it disagrees"

It's an easy and pleasant task when the further suggestion is observed:—

"And Use

Postum"

10 days' change from Coffee to Postum, (well boiled according to directions on pkg.) will prove that "There's a Reason" for

POSTUM

World's Greatest Trained Animal Exhibition and the original MRS. GEN. TOM THUMB.

Something New for the

Modern Housewife

Card Index Cooking Recipes

The innumerable advantages of the "Y and E" card index systems have long been recognized in business circles, and at the present time there is scarcely a business that does not make use of them in some form or other.

The Housewife is now invited to participate in Card Index advantages in the form of a choice collection of Mrs. Alice Gitchell Kirk's Cooking Recipes arranged on the Card Index plan. The outfit consists of a handsome cloth-covered box with hinged cover and drop front; 13 index guides with printed titles for classifying the various kinds of recipes, and 125 cards, each containing a neatly printed recipe.

The modern housewife can now dispense with the oil cloth covered book and the flat iron to keep it open with. The danger of soiling the entire lot of recipes while using one is also a thing of the past. One card is now selected from the box and hung upon a nail or hook (there is a hole in each card for that purpose), leaving the remainder intact. This card tells you just what utensils are needed and these can always be procured before beginning to handle the ingredients. There is no danger of forgetting, because the list is complete. The card tells in another column what ingredients to provide and these can all be brought to the mixing table without danger of omitting anything. The work of preparing and cooking can be done without removing the card from the wall. There is no danger of soiling a card.

You can copy favorite recipes upon blank cards and file them in the box under their proper heads. You can loan your friend one recipe without parting with any other. Additional sets of recipes are in course of preparation and can be added to the box from time to time as desired.

The complete outfit as described above is for sale at the

Fresno Republican Job Printing Department.

The Republican Leads...

In Circulation And in Giving the News

"THE ROYAL CHEF" WILL PROVIDE DAINTY FEAST OF GOOD THINGS

THIRTY SONG HITS ARE PROMISED IN THIS TUNEFUL
PRODUCTION AT THE BARTON TONIGHT.

A group from "The Royal Chef" at the Barton tonight.

"The Royal Chef," with William J. McCarthy in the stellar role, will make its first appearance in Fresno at the Barton tonight. The list of artists contains the names of numerous people of thorough training, wide experience and reputation, including Herbert Carter, Oscar Ragland, George Porter Smith, Franklin Fox, Gertrude Hutcherson, Dorothy Rae, La Belle Laurette and Dixey Lillard.

As for the mounting of the play itself, none but the highest praise can be given. It is said to disclose a fine appreciation of scenic values and an artistic sense of correctness. The entire production throughout was newly built in New York for this season's tour and displays unusual fidelity to artistic standards. The second act, showing the interior of the "Rajah's" palace, gives the appearance of architectural solidity, distance and correct perspective, while the first act is a beautiful and rich picture of Orientalism. Every property down to the smallest detail is in keeping with the surroundings.

The play is costumed with remarkable richness and better still, the players know how to wear them. No better example of lighting effects has ever been employed in spectacular production. The appearance of the "Chef" in this city has been awaited with interest, for although never seen here before, much of its reputation has preceded it. Ben Jerome, the composer of thirty "song hits" of the piece, is a most prolific

writer. The humor of this musical pastime is fresh and piquant and never of the cheap species, to which even many well-known authors stoop at times. The "Chef's" New York and Chicago record is a guarantee of solid worth and merit.

"Lieutenant and Cowboy," the attraction booked for appearance at the Barton Saturday night, comprises no element of melodrama. There is no blood and thunder heaviness or ponderous banality of sentiment. The climaxes are powerful and they are of a mental and not mechanical nature. The characters are attractive and well drawn and taken as a whole "The Lieutenant and the Cowboy" is one of the best high-grade attractions of the kind to be offered to Fresno theater goers this season. The seat sale opens this morning, prices 25, 50, 75 cents and \$1.

"The Mayor of Tokio," with both scenes laid in the ancient city of Tokio, Japan, a Russian spy and the remnants of an American comic opera company, there is plenty of local color and many amusing situations in the new Richard Carlo farcical opera, "The Mayor of Tokio," that will be the attraction at the Barton next Sunday and Monday nights. The music, which is by W. F. Peters, is said to be unusually tuneful, with more catchy numbers than often fall to the lot of present day comic opera. Among the numbers that

have achieved the most popularity are "Fly My Pivotal Plight," "When the Ocean Breezes Blow," "The Silver Sea of Love," "Foolishness," "Tokio," and "I Like You." John L. Kearney has been engaged for the part of Marcus Orlando Kidder and it is said that the part gives him greater scope for his well-known methods of producing laughter than anything he has ever before had. Mr. Kearney calls forth no end of commendation for his versatility and nimbleness of action and clean method of manufacturing merriment. The seat sale opens tomorrow morning.

SWITCHING STOPPED TO LET FUNERAL PASS

An Incident at the Tulare Street Crossing of the Southern Pacific Yesterday.

An incident which occurred at the Tulare street crossing of the Southern Pacific in Fresno yesterday illustrates the fact that even the railroads in their practical working show some deference to the feelings of the public. Switch engines, for the first ten minutes of the particular half hour between 2:30 and 3 in the afternoon, had kept such a constant stream of cars passing back and forth over this crossing that the teams of all classes from a one-horse cart to a four-horse wagon had filled the street upon both sides of the railroad. It required only a two minutes' rest in the switching to relieve the congestion. Again the switching began, and the congestion of teams likewise. Eight minutes had filled the streets fuller than before.

Suddenly as I stood watching the situation the van of a funeral procession appeared round the corner from F street, and stopped immediately, being unable to get near the crossing for the jam of teams.

As I stood wondering what the effect of this new feature of the situation would be, a man in charge of a switching train stopped his train clear of the crossing and signaled the lower switch to open the gates. For a full ten minutes the stream of teams followed by the funeral procession, which proved to contain fifty-eight vehicles, kept the railroad men waiting. No evidence of impatience was given during this long wait, although as soon as the last wheels had crossed the rails, the work, which had been interrupted, was resumed with vigor. This time it was the congestion upon the railroad tracks which was being relieved. I am glad to note this evidence that the men who operate this great railroad have hearts as well as others.

OBSERVER.

French Gold for London. PARIS, Nov. 5.—The Bank of France today made its first shipment to the Bank of England in order to relieve the tension there caused by the American demands. In pursuance of the decision reached last week, the Bank of France, at the request of the Bank of England, purchased £2,000,000, time sterling bills remitting for them English sovereigns and American eagles.

LANDIS' BIG FINE SCARED INVESTORS

Gould Says Europeans Are Afraid American Companies May Soon Be Confiscated.

NEW YORK, Nov. 5.—Geo. F. Gould, returning today on the steamer Kron Princessin Cecile, from a month's automobile tour in Europe, discussed freely the European situation.

"Our credits are in a very bad way," said Mr. Gould. "The people of Europe received an awful scare and they are still nervous and afraid of our securities. But their view is all wrong. Our country is all right, our resources were never stronger; our railroads never busier. Industry everywhere is humming. We have simply got to get together and put our shoulder to the wheel to restore confidence."

"In this connection I want to say something of Mr. Morgan. He is a trump and he has saved us from great disaster."

Asked for his opinion as the cause of the uneasiness in Europe Mr. Gould said: "I believe without hesitation that the sentence imposed upon the Standard Oil Company is the largest factor. To the people of Europe the fine looks like practical confiscation. They fear to put their money in our big concerns with that verdict dangling before them. The fright Judge Landis' fine gave investors on the other side was tremendous. But as I say, the conditions in this country are sound and we are on the way to restored confidence."

"It will be a feather in Roosevelt's cap if he should call an extra session of Congress and secure an adoption of much needed currency reforms. Just what the character of the new legislation should be I am not ready to say. I have no pet plan of my own."

The recent scare is overcome now. But the Standard Oil sentence was one of those things which always hurt the innocent people. They have to suffer. The fine hit the interests of the people. I am inclined to believe the people of Europe were justified in their alarm. If one corporation can be treated as was the Standard Oil, the same thing might happen to others and investors are not anxious to sacrifice their money."

Asked if his railroads would continue their opposition to the 2-cent law in some of the states, Mr. Gould said: "It is unprofitable to carry passengers at so low a rate. We better put cars away and close up the business."

As to the telegraph strike, Mr. Gould said: "The strike was most ill-advised, as the men have been quick to discover. The operators had recently received an increase in salary, showing a disposition on the part of the Western Union to better their condition as rapidly as circumstances would permit. No, we have no concern over the strike whatever."

THE BIG CLOSING OUT PIANO SALE

OF

Republican's Grand Voting Contest

**SECOND PRIZE—Also Free for All
Regardless of Location**

**A 1908 Model
Rambler Touring Car
Price \$1,650**

This is an absolutely high-grade car, of the most modern and luxurious sort, fully equipped, with top, finest lamps, and everything necessary to a complete outfit. The finest two-cylindered touring car on the market.

This car will be given to the candidate receiving the second highest number of votes.

FIRST PRIZE

**FREE FOR ALL
IRRESPECTIVE OF LOCATION**

**A Twenty Acre Farm
Worth \$2,000**

Twenty acres of the best land in the Fresno Irrigated Farms District. All this land now on the market is selling for \$100 an acre, and none can be had for a cent less. This is the former Bank of California tract, now owned by the Huntington interests of Los Angeles, and is destined to be one of the richest and most attractive farm colonies in California. Kearney Avenue is to be extended clear into the district; a street car line is a certainty in the near future; and the Fresno Country Club is now arranging to make it a center of out-door pastimes and social life.

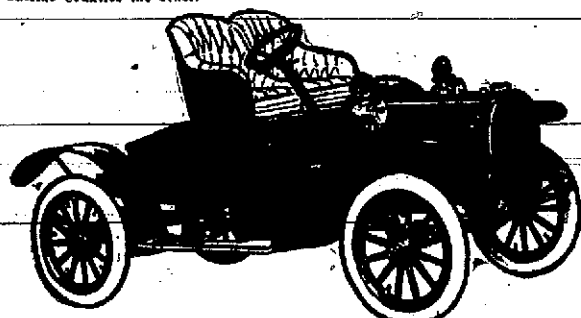

This farm will be an investment, and in a short time a competency for life. It is, beyond comparison, the finest offer ever made by a newspaper on the Pacific Coast, in a circulation contest.

This farm will be given to the candidate, irrespective of location, receiving the highest total number of votes.

THIRD PRIZE

In awarding this prize, the territory is divided into two districts, of which Fresno County is one, and the other consists of Tulare, Kern, Kings, Madera, Merced and Stanislaus Counties.

This car will be given to the person receiving the highest number of votes in the district not winning second prize. Fresno County will be one district; the outside Counties the other.

**Newest Model
Rambler Runabout
Price \$1,150**

A high-powered, two-cylinder runabout, of the highest grade, fully equipped. The best general purpose car on the market.

Six Trips to Yosemite

The districts will be the same as for the trips to Hawaii; and one trip to Yosemite will be given to the person receiving the second highest number of votes in each district.

Six Trips to the Hawaiian Islands, All Expenses Paid

For the purposes of this prize, the San Joaquin Valley will be divided into six districts.
District 1—Fresno City. District 4—Merced and Stanislaus Counties.
District 2—Fresno County outside city. District 5—Kings County.
District 3—Madera County. District 6—Tulare and Kern Counties.

One trip to the Hawaiian Islands will be given to the person receiving the highest number of votes in each of these districts, who does not win one of the capital prizes.

Eighteen Trips to Los Angeles or Santa Cruz

In each of the six districts, three trips to Los Angeles or to Santa Cruz, at the choice of the winner, all expenses paid, will be given to the three candidates coming nearest to the votes of those winning the first and second prizes in these districts.
